[Translation for Reference and Convenience Purposes Only]

Guide to Exercising Your Voting Rights

When you attend the meeting

Please bring the enclosed Voting Form and submit it to the reception desk upon arrival at the venue on the day of the meeting.

(It is not necessary to affix a seal on the form.)

→ **Date and time of the General Meeting of Shareholders: 10:00 A.M., Tuesday, June 25, 2019**

When you are unable to attend the meeting

If exercising your voting rights by mail (in writing)

Please review the Reference Documents for the General Meeting of Shareholders listed below and indicate your approval or disapproval of the proposals in the enclosed Voting Form, and post it without affixing a postage stamp.

→ **Deadline for exercising voting rights: No later than 5:00 P.M., Monday, June 24, 2019 (must arrive by this time)**

If exercising your voting rights via the Internet

(i) Scanning the QR code with a smartphone:

By scanning the QR code printed on the lower right corner of the Voting Form with a smartphone, you can easily exercise your voting rights without inputting your voting right exercise code and password.

(Note: Exercise of voting rights by scanning the QR code is available in Japanese only.)

(ii) Using your voting right exercise code and password:

Please access the Company's designated voting website (<https://www.web54.net>) from your computer or smartphone, enter your voting right exercise code and password indicated on the enclosed Voting Form, and follow the instructions on the display to enter whether you approve or disapprove of the proposals upon reviewing the Reference Documents for the General Meeting of Shareholders. (Note: The website for Internet Voting is in Japanese only.)

→ **Deadline for exercising voting rights: No later than 5:00 P.M., Monday, June 24, 2019**

- * In the event that a voting right is exercised both by returning a Voting Form and via the Internet, only voting via the Internet will be deemed valid. In the event that a voting right is exercised more than once via the Internet, only the last vote will be deemed valid.

Should any modification to the Reference Documents for the General Meeting of Shareholders, Business Report, Consolidated Financial Statements and Non-consolidated Financial Statements occur, the matters after modification will be posted on the Internet website of the Company (listed below).

If you are unable to attend the General Meeting of Shareholders, you can exercise your voting rights by sending another shareholder with voting rights to the meeting as your proxy. Please note, however, that it is necessary to submit a document evidencing the authority of proxy.

REFERENCE DOCUMENTS
FOR THE GENERAL MEETING OF SHAREHOLDERS

Proposal No. 1: Appropriation of Surplus

The Company's key management policies are the enhancement of corporate value with proactive business investment and the direct return of profits to shareholders through dividend payments.

Using internal capital reserves, we are working to reinforce our corporate strength and further increase per-share corporate value. In the coming terms, with a 20% dividend payout ratio as a guideline, we will pay dividends linked to business performance, and we will address the need to increase the ratio as a medium- and long-term management issue.

Despite having incurred deteriorating profit in the containership business, the Company achieved profit attributable to owners of parent as a result of having steadily accumulated profits in its other segments. Taking this into consideration, we propose to pay a year-end dividend for the fiscal year of ¥25.00 per share, an increase of ¥15.00 per share from the previous fiscal year, in order to furthermore return profits to shareholders.

As we have already paid an interim dividend of ¥20.00 per share, for FY2018, the annual dividend of the Company will be ¥45.00 per share, an increase of ¥25.00 from the previous fiscal year.

1. Matters related to year-end dividend

- (1) Type of dividend property
Cash
- (2) Matter related to distribution of dividend property to shareholders and total amount thereof
¥25.00 per common share of the Company Total amount: ¥ 2,989,918,600
- (3) Effective date of distribution of surplus
June 26, 2019

2. Matters related to appropriation of surplus

- (1) Item and amount of surplus to increase
General reserve Amount: ¥ 16,000,000,000
- (2) Item and amount of surplus to decrease
Retained earnings brought forward Amount: ¥ 16,000,000,000

Proposal No. 2: Partial Amendments to the Articles of Incorporation

1. Purpose of amendments

The Company has adopted three core strategies under its management plan “Rolling Plan 2019”*. In connection with the businesses, etc. related to these core strategies, the Company envisages using the knowledge it has built up through foreign crew training and responding to needs for foreign human resources among our customers. The Company therefore plans to add the employment placement business to the Company’s purpose in its Articles of Incorporation. Through this, the Company aims to align its management strategy and its purpose according to its Articles of Incorporation and also to clearly specify its business domains to its shareholders and other stakeholders.

* Under its management plan “Rolling Plan 2019,” the Company has adopted three core strategies: (i) Invest resources in fields where the Company has strengths, mainly in the offshore business, (ii) Provide “stress-free services” that are truly convenient for customers, and (iii) Develop environment and emission-free business into one of its core businesses.

2. Details of amendments

Details of the amendments are as follows.

(Underlined parts are amended.)	
Current Articles of Incorporation	Proposed Amendments
Article 2. The main purpose of the Company is to engage in the following businesses:	Article 2. (Unchanged)
(1) - (20) (Omitted) (Newly added)	(1) - (20) (Unchanged)

Selection policy and process

The selection of candidates for the Board of Directors is based on the report from the Nomination Advisory Committee. The basic policy of the Company is to have a board composed of inside directors and several outside directors. Directors appointed from within the company should have extensive experience and knowledge and the ability to contribute to the enhancement of the Group’s corporate value. Moreover, they should possess broad perspectives and foresight and be able to make management decisions on a global basis. Outside directors should be able to contribute to the enhancement of the Group’s corporate value from an objective perspective based on extensive experience and knowledge in their area of expertise.

The candidates for directors are as follows:

Candidate number 1	Reappointed	Number of the Company’s Shares Held 19,300 shares	Number of years as Director 6 years *as of the conclusion of this meeting
<h2 style="margin: 0;">Junichiro Ikeda</h2>		<p>Current Positions and Responsibilities in the Company Representative Director, President, Chief Executive Officer</p> <hr/> <p>Career Summary (Title and Assignment in the Company and Significant Concurrent Positions Outside the Company)</p> <p>Apr. 1979 Joined Mitsui O.S.K. Lines, Ltd. Jun. 2004 General Manager of Human Resources Division Jun. 2007 General Manager of Liner Division Jun. 2008 Executive Officer Jun. 2010 Managing Executive Officer Jun. 2013 Director, Senior Managing Executive Officer Jun. 2015 Representative Director, President, Chief Executive Officer (to present)</p>	<p>Attendance to the Board of Directors’ meetings 10 of 10 (Attendance rate: 100%)</p>
 <p style="margin-top: 20px;">Date of birth July 16, 1956</p>		<p>[Reason for nomination as candidate for director] Since being appointed as Representative Director, President, Chief Executive Officer in June 2015, Junichiro Ikeda has been carrying out resolutions of the Board of Directors and leading management of the Group. He has been working to enhance corporate value by embarking on a structural reform program, taking decisions on integration of container shipping businesses and promoting aggressive investment in growing sectors, made possible due to his strong leadership and decision-making ability based on his considerable experience and achievements. In light of his extensive experience, track record and other attributes, we judge that he is qualified to develop Group management and strengthen corporate governance. We thus propose that he be reappointed as director.</p>

Notes:

- No special interests exist between any of the director candidates and the Company.
- Among the above candidates, Hideto Fujii, Etsuko Katsu and Masaru Onishi are candidates for outside directors stipulated in Article 2, paragraph (3), item (7) of the Regulation for Enforcement of the Companies Act. Each candidate for outside director satisfies the requirements for independent officer stipulated under the regulations of the stock exchanges on which the Company's common share is listed, as well as the requirements for independence stipulated under the Company's "Independence Criteria for Outside Officers" (pages 18 and 19). The Company has appointed Hideto Fujii and Etsuko Katsu as independent officers stipulated under the regulations of the stock exchanges on which the Company's common share is listed, and has notified the exchanges. If their reelection as outside directors are approved, the Company intends to continue to appoint them as independent officers. Also the Company intends to appoint Masaru Onishi as an independent officer stipulated under the regulations of the stock exchanges on which the Company's common share is listed, and notify the exchanges.
- Pursuant to the provisions of Article 427, paragraph (1) of the Companies Act, the Company has entered into liability limitation agreements with Hideto Fujii and Etsuko Katsu which limit the amount of their liability under Article 423, paragraph (1) of the Companies Act to the aggregate of the amounts specified in items of Article

[Translation for Reference and Convenience Purposes Only]

425, paragraph (1) of the Companies Act, if they perform their duties in good faith and without significant negligence. If their reelections as outside directors are approved, the Company intends to continue the liability limitation agreements with them.

On Masaru Onishi's assumption of office as an outside director, pursuant to the provisions of Article 427, paragraph (1) of the Companies Act, the Company intends to enter into an agreement with Masaru Onishi, which will limit the amount of his liability under Article 423, paragraph (1) of the Companies Act to the aggregate of the amounts specified in items of Article 425, paragraph (1) of the Companies Act, if he performs his duties in good faith and without significant negligence.

- No special interests exist between any of the audit & supervisory board member candidates and the Company.
- Junko Imura is a candidate for outside audit & supervisory board member stipulated in Article 2, paragraph (3), item (8) of the Regulation for Enforcement of the Companies Act.
Junko Imura satisfies the requirements for independent officer stipulated under the regulations of the stock exchanges on which the Company's common share is listed, as well as the requirements for independence stipulated under the Company's "Independence Criteria for Outside Officers" (pages 18 and 19). The Company intends to appoint her as an independent officer stipulated under the regulations of the stock exchanges on which the Company's common share is listed, and notify the exchanges.
- On Junko Imura's assumption of office as an outside audit & supervisory board member, pursuant to the provisions of Article 427, paragraph (1) of the Companies Act, the Company intends to enter into a liability limitation agreement with her, which limit the amount of her liability under Article 423, paragraph (1) of the Companies Act to the aggregate of the amounts specified in items of Article 425, paragraph (1) of the Companies Act, if she performs her duties in good faith and without significant negligence.

[Translation for Reference and Convenience Purposes Only]

Proposal No. 5: Election of One (1) Substitute Audit & Supervisory Board Member

In preparation for lacking a quorum of audit & supervisory board members, election of one (1) substitute audit & supervisory board member is proposed, based on the provisions of Article 329, paragraph (3) of the Companies Act.

The Audit & Supervisory Board has previously given its consent to this proposal.

The candidate for substitute audit & supervisory board member is as follows:

<table border="1" style="margin: auto;"> <tr><td style="text-align: center;">Outside</td></tr> <tr><td style="text-align: center;">Independent</td></tr> </table>	Outside	Independent	Number of the Company's Shares Held – shares

<div style="text-align: center;"> <h2 style="margin: 0;">Atsuji Toda</h2>  <p style="margin-top: 10px;">Date of birth January 19, 1955</p> </div>	<p>Career Summary (Title in the Company and Significant Concurrent Positions Outside the Company)</p> <p>Oct. 1979 Joined Showa Audit Corporation Oct. 1980 Joined Shinko Audit Corporation Aug. 1984 Registered as a certified public accountant Oct. 1984 Established Toda Accounting Office Jun. 2000 Registered as a certified tax accountant Jan. 2019 Established TIS Tax Corporation (to present)</p> <p><Significant concurrent positions outside the Company> Director (certified public accountant), Toda Accounting Office Certified tax accountant, TIS Tax Corporation Representative Director, Your Brains Co., Ltd. Outside Auditor, TAMURA CORPORATION</p> <p>[Reason for nomination as candidate for substitute outside audit & supervisory board member] Atsuji Toda has many years of experience as a certified public accountant and extensive knowledge related to accounting. If he is appointed as an audit & supervisory board member he could use this experience and knowledge in the Company's auditing systems. We think he would carry out his duties as an outside audit & supervisory board member competently from a position of objectivity and fairness. We thus propose that he be appointed as a substitute outside audit & supervisory board member.</p>		

Notes:

1. No special interests exist between Atsuji Toda and the Company.
2. Atsuji Toda is a candidate for outside audit & supervisory board member stipulated in Article 2, paragraph (3), item (8) of the Regulation for Enforcement of the Companies Act. It is proposed that he be elected as a substitute outside audit & supervisory board member. He satisfies the requirements for independent officer stipulated under the regulations of the stock exchanges on which the Company's common share is listed, as well as the requirements for independence stipulated under the Company's "Independence Criteria for Outside Officers" (pages 18 and 19). If he assumes his office as an outside audit & supervisory board member, the Company will appoint him as an independent officer stipulated under the regulations of the stock exchanges on which the Company's common share is listed, and notify the matter to the exchanges.
3. On Atsuji Toda's assumption of office as an outside audit & supervisory board member, pursuant to the provisions of Article 427, paragraph (1) of the Companies Act, the Company intends to enter into an agreement with Atsuji Toda, which will limit his liability as set forth in Article 423, paragraph (1) of the Companies Act to the total of the amounts set forth in items of Article 425, paragraph (1) of the Companies Act, if he performs his duties in good faith and without significant negligence.

[Translation for Reference and Convenience Purposes Only]

Independence Criteria for Outside Officers

The Company has established the following criteria for the independence of outside directors and outside audit & supervisory board members (hereinafter referred collectively as “Outside Officer”). The Company deems an Outside Officer or a candidate for Outside Officer to have independence in the event that none of the following items is applicable upon the Company having investigated to the extent that is reasonable and practically possible.

(i) A person who is an executing person*¹ of the Company or its subsidiaries (hereinafter referred collectively as the “MOL Group”) or has served as an executing person of the MOL Group during the past ten (10) years (in the case of a person who has served as non-executive director, audit & supervisory board member, or accounting advisor of the MOL Group at a certain point in time during the past ten (10) years, during the ten (10) years prior to their appointment).

*1: An executing person refers to an executive director, a corporate officer, an executive officer, other person with similar responsibilities, or an employee of a corporation or other organization.

(ii) A current major shareholder*² of the Company or an executing person thereof, or a person who has fallen under such category during the past three (3) years.

*2: A major shareholder means a shareholder who holds shares with 10% or more of voting rights in his or her own name or in another person’s name at the end of the most recent fiscal year of the Company.

(iii) A party in which the MOL Group directly or indirectly holds 10% or more voting rights out of the total number of voting rights, or an executing person thereof, or a party which has fallen under such category during the past three (3) years.

(iv) An executing person of a company which has accepted a director (either full-time or part-time) from the MOL Group, or the parent company or a subsidiary thereof, or a person who was an executing person of such company during the past three (3) years.

(v) An executing person of a financial institution or other major creditor, or the parent company or a major subsidiary thereof, which is indispensable for the MOL Group’s financing and on which the MOL Group depends to an irreplaceable extent.

(vi) A party with which the MOL Group is a major business partner*³, or if such party is a company, then an executing person of such company, or the parent company or a major subsidiary thereof, or a party which has fallen under such category during the past three (3) years.

*3: A party with which the MOL Group is a major business partner means a party which, in its most recent fiscal year, received a payment of 2% or more of its consolidated total revenue from the MOL Group (excluding payment of remuneration for directors from the MOL Group if a party with which the MOL Group is a major business partner is an individual).

(vii) A party which is a major business partner of the MOL Group*⁴, or if such party is a company, then an executing person of such company, or the parent company or a major subsidiary thereof, or a party which has fallen under such category during the past three (3) years.

*4: A major business partner of the MOL Group means a party which paid the MOL Group 2% or more of its gross sales in its most recent fiscal year.

(viii) A party which was an accounting auditor of the MOL Group, or an employee, etc. thereof, or a party which has fallen under such category during the past three (3) years.

(ix) A consultant, an accounting professional, or a legal professional receiving a significant amount of money or other assets*⁵ other than director remuneration from the MOL Group (if a party receiving such assets is an organization such as a corporation or an association, then a person who belongs to such organization), or a party which has fallen under such category during the past three (3) years.

*5: A significant amount of money or other assets means ¥10 million or more of money or other property benefits received per year other than director remuneration in its most recent fiscal year (if a party receiving such assets is an organization such as a corporation or an association, a significant amount of money or other assets means the amount of money or other assets benefit which exceeds 2% of the gross revenue of the party in its most recent fiscal year).

[Translation for Reference and Convenience Purposes Only]

(x) A party which received donations or grants exceeding a certain amount*⁶ from the MOL Group (if a party receiving such donations or grants is an organization such as a company or an association, then an executing person of such organization), or a party which has fallen under such category during the past three (3) years.

*6: Donations or grants exceeding a certain amount mean donations or grants exceeding the greater of ¥10 million per year on average during the past three (3) years or 2% of the gross revenue of a party in its most recent fiscal year.

(xi) A close relative*⁸ of a person who is applicable to the above-listed items (i) through (x) (limited to a person who is in an important position*⁷).

*7: A person who is in an important position means an employee who holds a senior management position, such as executive director, corporate officer, executive officer, or general manager or above; if a person belongs to an auditing firm or an accounting firm, then a certified public accountant; if a person belongs to a law firm, then a lawyer; if a person belongs to an incorporated foundation, an incorporated association, or an incorporated educational institution, then an officer such as councilor, board member, or an auditor-secretary; or other person who is objectively and reasonably considered to be of equivalent importance.

*8: A close relative means a spouse or a relative within the second-degree of kinship.

(xii) Other person who might have a conflict of interest with general shareholders and in circumstances which are reasonably considered to prevent the person from fulfilling duties as an independent Outside Officer.

[Translation for Reference and Convenience Purposes Only]

Proposal No. 6: Issuance of Stock Acquisition Rights as Stock Options to Executive Officers, Employees Who Hold Senior Management Positions, and Presidents of the Company's Subsidiaries

In fiscal year 2019, the Company will offer stock acquisition rights as stock options to Executive Officers who do not serve as Directors of the Company, employees who hold senior management positions, and Presidents of subsidiaries; and authorize the Board of Directors to issue stock acquisition rights and determine subscription requirements based on the provisions of Articles 236, 238 and 239 of the Companies Act, as outlined below.

1. Reason for the necessity of subscription for persons who underwrite the stock acquisition rights on particularly advantageous terms

With the purpose of increasing the Company's business performance and shareholders' profit by increasing incentives for Executive Officers who do not serve as Directors of the Company, employees who hold senior management positions, or Presidents of subsidiaries, the Company will allocate stock acquisition rights to these persons, without a payment requirement.

2. Outline and maximum number of stock acquisition rights

- (1) Maximum number of stock acquisition rights

Maximum shall be 1,500, determined as provided in item (3) below.

The total number of shares issuable by exercising the stock acquisition rights, shall be up to 150,000 of the Company's common shares, and in the case that the number of granted shares related to the relevant stock acquisition rights is adjusted by (3) (b) below, it shall be that number equal to the number of granted shares related to the relevant stock acquisition rights after adjustment multiplied by the above-written maximum number of stock acquisition rights.

- (2) Payment shall not be required for granting of the stock acquisition rights.

- (3) Outline of stock acquisition rights

- (a) Persons to whom stock acquisition rights shall be allocated

Persons from among the Executive Officers who do not serve as Directors of the Company, employees who hold senior management positions, and Presidents of subsidiaries, who received approval from the Board of Directors.

- (b) Class and number of shares for the purpose of stock acquisition rights

Class of shares for the purpose of stock acquisition rights shall be common shares, and the number of shares subject to each stock acquisition right (hereinafter called "granted shares"), is to be limited to 100.

However, in the event of share split of Company's common stock (including the gratis allotment of the stock) or share consolidation after the resolution by the General Meeting of Shareholders (hereinafter called "resolution date"), the number of granted shares related to the relevant stock acquisition rights shall be adjusted proportionally in accordance with the percentage of the share split or share consolidation.

In addition, if, after the resolution date, circumstances arise that unavoidably require adjustment of the number of granted shares related to the relevant stock acquisition rights such as in a case where the Company merges with another company, carries out a company split or stock exchange, or decreases capital, the number of granted shares related to the relevant stock acquisition rights shall be adjusted within a rational range, by taking into consideration the conditions for capital reduction, etc.

Fractions of less than one (1) share as a result of the above adjustment are to be rounded down.

- (c) Amount to be paid when stock acquisition rights are exercised

Amount to be paid when stock acquisition rights are exercised shall be the paid amount per share that can be issued by exercising the stock acquisition rights (hereinafter called "exercise amount"), multiplied by the anticipated number of shares concerning the relevant stock acquisition rights.

The exercise amount will be the average closing price of the Company's common stock (hereinafter called "closing price") on the Tokyo Stock Exchange during the month (excluding any date when the transaction was not concluded) prior to the month, to which the date when the stock acquisition rights are allocated (hereinafter called "allotment date") belongs, multiplied by 1.10.

Fractions of less than ¥1 will be rounded up.

However, in the case where the amount is lower than the closing price of the allotment date (or the closing price of the immediately preceding date in case no closing price is published on the allotment date), it will be the closing price on that date.

After the allotment date, in the event of a share split (including the gratis allotment of the stock) or share consolidation, the exercise amount will be adjusted by the following formula, with fractions of less than ¥1 rounded up.

[Translation for Reference and Convenience Purposes Only]

$$\text{Exercise price after adjustment} = \text{Exercise price before adjustment} \times \frac{1}{\text{Ratio of share split or consolidation}}$$

In addition, after the allotment date, for the Company's common stock, in the case where the Company issues new shares or disposes of treasury stock at a price lower than market price [excluding sale of treasury stock based on provision of Article 194 of the Companies Act (demand for sale of less than minimum trading unit (*tan-gen*) of shares by a holder of shares less than minimum trading unit (*tan-gen*)) and conversion or exercise of securities that will be or can be converted into common stock of the Company or the stock acquisition rights (including the stock acquisition rights attached to corporate bonds with new stock acquisition rights) for which issuance of the Company's common stock can be requested], the exercise price shall be adjusted in accordance with the following formula, with fractions of less than ¥1 rounded up.

$$\text{Exercise price after adjustment} = \text{Exercise price before adjustment} \times \frac{\text{Number of shares outstanding} + \frac{\text{Number of shares to be issued}}{\text{Market price per share}}}{\text{Number of shares outstanding} + \text{Number of shares to be issued}} \times \text{Subscription price per share to be issued}$$

In the above formula, the "number of shares outstanding" is the number of the Company's outstanding common stock after deducting the number of shares of its treasury stock concerning common stock. In case of disposal of treasury stock, the "number of shares to be issued" shall be treated as the "number of shares to be disposed."

Furthermore, in the case where the Company merges with another company, carries out a company split or share exchange, or decreases capital after the allotment date and where adjustment of the exercise price is required, the exercise price shall be adjusted within a rational range, subject to a resolution of the Board of Directors.

- (d) Period during which stock acquisition rights may be exercised
It will be determined by the Board of Directors, which will be during the period from June 28, 2021 to June 22, 2029.
- (e) Capital and capital reserve increased in the case where the shares are issued by exercising the stock acquisition rights
 - i) The amount of capital increased in the case where the shares are issued by exercising the stock acquisition rights shall be half of the maximum amount of capital increase, which shall be calculated in accordance with Article 17, paragraph (1) of the Regulation on Corporate Accounting, with fractions of less than ¥1 rounded up.
 - ii) The amount of capital reserve increased in the case where the shares are issued upon the exercise of stock acquisition rights shall be the amount equal to the maximum amount of capital increase described in i) above after deducting the increased capital amount determined in i) above.
- (f) Restrictions on acquisition of stock acquisition rights by transfer
Any acquisition of the stock acquisition rights by transfer shall require the prior approval of the Board of Directors.
- (g) Provision on acquisition of stock acquisition rights
Provision on acquisition of stock acquisition rights shall not be prescribed.
- (h) The Company, in the case of merger (limited only to cases in which the Company is dissolved by merger), absorption-type company split/incorporation-type company split, share exchange or share transfer (all hereinafter called "organizational restructure"), may issue the stock acquisition rights of the stock companies listed in Article 236, paragraph (1), item (8)-A to E of the Companies Act (hereinafter called "restructure target company") to each person holding stock acquisition rights (hereinafter called "remaining stock acquisition rights") that remain outstanding at the time when the effects of the organizational restructure arises, for each case thereof, based on the conditions set forth below. In such case, the remaining stock acquisition rights shall become null and void and the restructured target companies shall issue new stock acquisition rights. However, this will apply only to the case that a provision of issuance of the stock acquisition rights of the restructure target companies is provided in the absorption-type merger agreement, incorporation-type merger agreement, absorption-type split agreement, incorporation-type split plan, share exchange agreement, or share transfer plan, in accordance with the conditions set forth below.

[Translation for Reference and Convenience Purposes Only]

- i) Number of stock acquisition rights of restructured target companies
The same number of stock acquisition rights shall be issued as the number of remaining stock acquisition rights held by the person with respect to the Company's stock.
- ii) Class of shares of restructured target companies subject to the stock acquisition rights
It shall be the common stock of the restructured target companies.
- iii) Number of shares of restructured target companies subject to the stock acquisition rights
It shall be determined in accordance with the above item (b), by taking into consideration the conditions, etc. for organizational restructure.
- iv) Amount to be paid when stock acquisition rights are exercised
Amount to be paid when each stock acquisition right is exercised shall be the amount obtained by multiplying the payout amount after restructure adjusted after taking into consideration the conditions, etc. for the organizational restructure by the number of shares subject to the relevant stock acquisition rights determined in accordance with iii).
- v) Exercise period of the stock acquisition rights
The stock acquisition rights determined in the above item (d) can be exercised from the later of the commencement date of the exercise period of the stock acquisition rights determined in the above item (d) or the effective date of the organizational restructure to the expiration date of the period.
- vi) Capital and capital reserve increased in the case the shares are issued by exercising the stock acquisition rights
It shall be determined in accordance with item (e) above.
- vii) Limits of acquisition of stock acquisition rights by assignment
Acquisition of stock acquisition rights by assignment shall require approval of the restructured target company.
- viii) Acquisition conditions of stock acquisition rights
It shall be determined in accordance with item (g) above.
- (i) In the case where fractions of less than one (1) share are included in the number of shares delivered to the persons who exercise the stock acquisition rights, the fractional portion shall be omitted.
- (j) Exercise conditions of stock acquisition rights
 - i) A single stock acquisition right may not be split.
 - ii) Persons who receive the allotment may exercise the right, even in the case where they no longer hold the position of Executive Officer of the Company, employee who holds senior management position, or President of a subsidiary at the time when exercising the rights.
Note: The granted stock acquisition rights shall immediately be cancelled, in the case where he or she is sentenced to imprisonment or become subject to more severe penalty, is dismissed or discharged, or dies.
 - iii) Other conditions to exercise the rights shall be determined by the Board of Directors.

- END -

[Reference] Approaches to Corporate Governance

Basic Concept of Corporate Governance

MOL actively and continually strives to bolster its corporate governance to ensure sustainable growth and maximize mid- and long-term group corporate value based on the group's corporate philosophy and long-term vision, as well as the midterm management plan, by taking the following measures, etc.: 1) appointing two or more outside directors (For this year's ordinary general meeting of shareholders, the Company has submitted a proposal to appoint three outside directors.); 2) establishing Nomination Advisory Committee and Remuneration Advisory Committee, which are arbitrary organizations whose majority of members are outside directors, as advisory bodies to the Board of Directors; and, 3) establishing the Company's own criteria for judging independence, in addition to the requirements for independent officers stipulated by the Tokyo Stock Exchange. The ocean shipping business environment and risk factors change rapidly. As we set our course, we must accurately grasp business environment, always confront risks appropriately, and effectively utilize our management resources in a careful balance of offense and defense. We believe that the essentials of corporate governance are fostering sustainable growth and increasing corporate value by making decisions swiftly and boldly, guided by appropriate risk management, while ensuring the transparency and fairness of management by carefully considering the viewpoints of our diverse stakeholders and other various social requests.

MOL Corporate Governance Organizational Structure

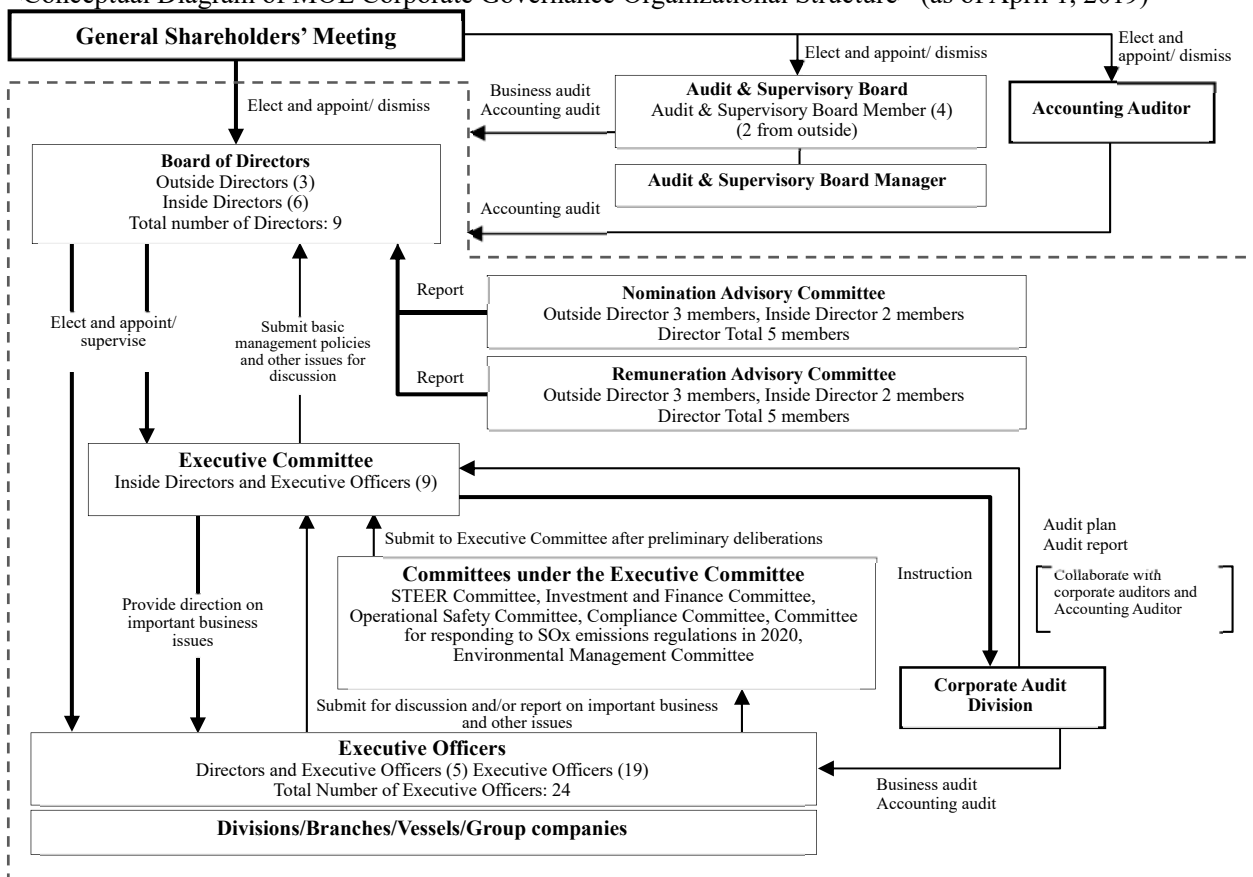

We believe that the appropriate form of governance is to ensure the legality, appropriateness, and efficiency of business operations by ensuring an effective supervisory framework for the Board of Directors. This is accomplished while securing the audit function of the Audit & Supervisory Board, which is independent from the Board of Directors, and by having, as a matter of course, a mutual supervision and check mechanism between inside directors (directors also serving as executive officers) who execute operations, and a Board of Directors that consists of inside directors who carry out business operations and outside directors who do not execute operations but specialize in supervisory functions. Based on this view, MOL has become a company with an Audit & Supervisory Board as provided for in the Companies Act.

The Board of Directors, by its resolution, has established a basic policy for developing a system to secure the properness of operations (the internal control system). The MOL Group's officers and employees, under the president serving as the chief executive officer for management, carry out business operations in accordance with the management policy set by the Board of Directors and the above-mentioned basic policy, while being subject to supervision by the Board of Directors and audit by the Audit & Supervisory Board. (For details of the business operation system, please see the descriptions given in a later section.)

We believe that the essence of corporate governance lies not in the existence of its structure or organization described in the preceding paragraph, but in whether or not it functions properly and effectively in the manner outlined in the following sections.

[Translation for Reference and Convenience Purposes Only]

<Conceptual Diagram of MOL Corporate Governance Organizational Structure> (as of April 1, 2019)

Board of Directors

The Board of Directors, as the Company’s primary decision-making body, discusses and decides on basic policy and the most important matters connected to MOL Group management.

The Board of Directors consists of six (6) inside directors and three (3) outside directors, who hold no interest in MOL. Outside directors confirm the appropriateness of management decisions and management of business operations based on their individual experience and expertise from an independent position without any interest in the Company, and at the same time play a major role in revitalizing the Board of Directors by expressing helpful opinions regarding overall management. We provide a system to support outside directors such as providing them with preliminary explanations of proposals before a Board of Directors meeting and reports on important matters related to business operations on a case-by-case basis. The Board of Directors also holds “Deliberation on Corporate Strategy and Vision,” in which we freely exchange opinions about management strategies, our long-term vision, and important themes regarding overall management, together with outside directors and outside audit & supervisory board members.

[Translation for Reference and Convenience Purposes Only]

MOL’s “Deliberation on Corporate Strategy and Vision”

At MOL, three hours are set aside for every Board of Directors’ meeting, with one of the hours allotted to “Deliberation on Corporate Strategy and Vision.” At the “Deliberation on Corporate Strategy and Vision,” a theme is selected related to our management strategy, long-term vision or management in general. A free exchange of opinions is carried out at these deliberations which include outside directors and outside audit & supervisory board members.

FY2018 “Deliberation on Corporate Strategy and Vision”: Agenda Topics

	Agenda
May	Direction and strategy for technology innovation
July	Business strategy for international logistics
September	Activity policy for Offshore Business Division
October	Direction of next management plan
December	Corporate marketing strategy for the Company
January	Strategies of NVOCC (Non-Vessel Operating Common Carrier) business expansion
February	Overall summary of Rolling Plan 2019

In addition to the aforementioned “Deliberation on Corporate Strategy and Vision,” MOL holds “Board Member Discussion Sessions” on a timely basis subsequent to meetings of the Board of Directors in order to promptly share and discuss various important matters in progress other than Board of Directors meeting proposals.

Nomination Advisory Committee and Remuneration Advisory Committee

MOL has established the Nomination Advisory Committee and the Remuneration Advisory Committee as arbitrary organizations under the Board of Directors. For making the outside directors supervise the executive directors more effectively, both committees are chaired by outside directors and are composed of all three (3) outside directors, the chairman, and the president, with the majority of outside directors.

The Nomination Advisory Committee handles matters that include deliberating and reporting related to the selection and dismissal of directors and executive officers, discussing the suitability of officer candidates as a corporate manager in terms of both their qualifications and performance with the aim of finding the right person to act as future CEO on the basis of MOL’s management strategies, and considering matters with respect to successor candidates in a timely and appropriate manner. The Remuneration Advisory Committee seeks to provide an objective standpoint while putting a high priority on the “perspective of stakeholders” in order to appropriately conduct reviews of the remuneration plan for directors and executive officers, and determine appropriate levels of remuneration for directors, including incentives for long-term enhancement of corporate value. The Board of Directors respects the content of the report from both the Advisory Committees, and uses it in formulating necessary resolutions.

Main Agenda Items for Review by the Advisory Committees (FY2018)

Nomination Advisory Committee (held four times in total)	Remuneration Advisory Committee (held four times in total)
<ul style="list-style-type: none"> • The selection process for President and CEO succession; • Involvement of the Nomination Advisory Committee with respect to election and dismissal of audit & supervisory board members; • Election of officers (including outside officers) for FY2019; and other matters 	<ul style="list-style-type: none"> • Bonus for directors in FY2017; • Remuneration for directors in FY2018; • System of remunerations for executive officers; and other matters

Effectiveness Evaluation

The Board of Directors, in accordance with the Corporate Governance Code, performs evaluations and analyses of its effectiveness each year through deliberations based on the results of self-questionnaires and questionnaires, and links the results to improvements in the operation of the Board of Directors. Under the effectiveness evaluations for FY2018, opinions were furnished with respect to upgrading materials and explanations pertaining to matters for discussion by the Board of Directors, enhancing the quality of matters to be reported, and appropriate way of using of risk analysis results. Those points were then identified as issues to be addressed and

[Translation for Reference and Convenience Purposes Only]

improvements were accordingly made with respect to the operation of the Board of Directors.

In order to make effectiveness evaluations more beneficial, the Company performs a revision of the items to be evaluated every fiscal year to ensure a thorough evaluation, which may involve adding matters that are pertinent to the state of affairs of the fiscal year under review.

Business Operation System

With regard to business operations, MOL introduced the executive officer system in 2000. The executive officers, selected by the Board of Directors and assigned to various fields of authority by the representative directors, strive to improve the speed and efficiency of management by implementing Company operations in line with the uppermost policies determined by the Board of Directors. The Executive Committee (chaired by the President), as the top decision-making authority for business operations, functions as the deliberative body for important issues related to basic management plans and the conduct of business operations, based on policies determined by the Board of Directors. Under the Executive Committee, MOL has established six (6) committees. Officers and general managers concerned, in addition to committee members, attend each Meeting and examine and deliberate matters brought up for discussion.

Auditing System

The Audit & Supervisory Board consists of two (2) full-time audit & supervisory board members and two (2) outside audit & supervisory board members who hold no interest in MOL. The audit & supervisory board members periodically hold Audit & Supervisory Board's meetings to draw up audit plans and report and share audit results, etc. All audit & supervisory board members attend Board of Directors' meetings, and full-time audit & supervisory board members attend Executive Committee, various committees, etc. besides Board of Directors' meetings, to audit the processes of deliberation and decision making. KPMG AZSA LLC, an accounting auditor, executes accounting auditing. In addition to the above, the Corporate Audit Division, which receives directions only from Executive Committee and is independent from any other management body, conducts internal audits including those of group companies, in collaboration with the audit & supervisory board members and accounting auditors.

Outside Officers

All five (5) of MOL's outside officers (three (3) outside directors and two (2) outside audit & supervisory board members) fulfill MOL's unique "Independence Criteria for Outside Officers" (pages 18 and 19).

All three (3) outside directors provide advice regarding MOL's overall management from an independent position based on extensive experience and knowledge in their respective areas of expertise, fulfilling their role to strengthen the function of Board of Directors regarding its management decisions and supervision.

In addition to attending Board of Directors' meetings, outside directors deepen their understanding of the MOL Group's businesses through visiting ships operated by MOL Group, presenting lectures at internal trainings and attendance at Group Executive Meetings (Held twice a year with attendance by representatives from domestic group companies. Bilateral discussions are conducted with agenda items that include those related to management plans.), reflecting these in their duties as outside directors.

The two (2) outside audit & supervisory board members have deep knowledge and insight as specialists in law and business management and have a role in strengthening MOL's audit structure from an independent position. In addition to attending Board of Directors' meetings and Audit & Supervisory Board's meetings, they interview inside directors and executive officers, exchange opinions with outside directors and survey the MOL Group's bases of activity in Japan and overseas, to reflect knowledge gained via these activities in their duties as outside audit & supervisory board members.

Examples of Activities of Outside Officers (FY2018)

- Lectures and discussions at training session for officers, liaison meetings of the group audit & supervisory board members, etc. (Tokyo)
- Attendance and visit to inauguration ceremony for MOL Magsaysay Maritime Academy Inc., jointly operated by MOL and Magsaysay Maritime Corporation (the Philippines)
- Forums for exchanging opinions with those in respective MOL Group companies (Singapore)
- Lectures at MOL Safety Conference sessions held to discuss matters of safe operation in the MOL Group (Croatia)

BUSINESS REPORT

(From April 1, 2018 to March 31, 2019)

1. Matters Concerning the Present State of the Corporate Group

(1) Business Progress and Results

With respect to the global economy during the fiscal year (FY) 2018 (April 1, 2018 to March 31, 2019), although fluctuations in regional business sentiment and unstable scenes were sometimes seen, a trend of expansion seen in the previous fiscal year continued to prevail overall. In the U.S., growth was maintained due to expanded fiscal spending and tax reduction effects of the Trump administration, strong job growth, and other factors. In the European economy, although personal consumption remained firm, the growth rate slowed partially due to a slowdown in exports. In China, trade friction with the U.S. had a psychological impact and the government continued its relatively restrictive economic management, causing a slowdown in the economy. In Japan, a series of natural disasters had some adverse effects on the economy, but an economic expansion phase continued.

Looking at the maritime shipping market conditions, the dry bulker market remained strong at a higher level than in the previous fiscal year due to overall strong cargo movements of iron ore, coal, grains and other major cargoes despite having a downward phase largely caused by the derailment of iron-ore train in Australia and the mining dam collapse in Brazil toward the end of the fiscal year. The very large crude oil carrier (VLCC) market exceeded levels of the previous fiscal year overall despite having performed poorly on the whole in the first half of the fiscal year, given improvement in the balance between supply and demand in the second half due to factors such as the arrival of the winter demand period and an increase in crude oil exports from West Africa and North America as alternative sources to crude oil from Iran.

Under this business environment, Ocean Network Express Pte. Ltd., the containership joint-venture company, caused the Group to record a large deficit due to the impact of confusion at the start of operations and expenses in the transition period, etc. However, due to stable earnings centered on the dry bulk business and the energy transport business as well as a relatively strong shipping market, the Group posted higher profits year on year.

The average exchange rate of Japanese yen against the U.S. dollar during the fiscal year appreciated by ¥0.45 year on year to ¥110.63. The average bunker price during the same period rose by US\$102/MT year on year to US\$456/MT. As a result of the above, we recorded revenue of ¥1,234.0 billion, operating profit of ¥37.7 billion, ordinary profit of ¥38.5 billion and profit attributable to owners of parent of ¥26.8 billion.

[Translation for Reference and Convenience Purposes Only]

(2) Financial Position and Results of Operations

Category	(¥ million)			
	FY2015	FY2016	FY2017	FY2018 (current fiscal year)

- Notes:
1. Figures in revenues, ordinary profit, profit (loss) attributable to owners of parent, total assets and total net assets are rounded down to the nearest million.
 2. On October 1, 2017, MOL consolidated every ten (10) common shares into one (1) share. Net income (loss) per share is calculated on the assumption that said consolidation of shares had been made at the beginning of FY2015.
 3. The Company has applied the "Partial Amendments to Accounting Standard for Tax Effect Accounting" (ASBJ Statement No. 28, February 16, 2018), effective from the current fiscal year. Accordingly, the amounts and financial indicators of the previous fiscal years are presented based on the reclassified amounts.

(3) Business Overview by Segment

Dry Bulk Business			
Revenues	¥292.1 billion	Revenue composition ratio	23.59%
Ordinary profit (loss)	¥21.9 billion		

[Major Business Lines]

Owning and operating specialized vessels for specific cargo types and bulk carriers for cargoes such as iron ore, coal, grains, wood, wood chips, cement, fertilizer, salt and steel products.

Overview of Market Conditions of FY2018

- The Capesize bulker market remained firm supported by increasing cargo volume of iron ore in the first half of the fiscal year. However, in the second half of the fiscal year, the market fell mainly due to a decline in shipments from Australia and Brazil.
- The Panamax market generally remained firm due to steady volumes of major cargoes (coal, grain, etc.) in the first half, but remained weak in the second half.
- Markets for Handymax and smaller-sized bulkers were generally firm in the first half, but remained weak in the second half in the same way as Panamax market.
- In the overall Dry Bulk Business, although market conditions softened in the second half, it remained at levels higher than in the previous fiscal year as a whole, and profits increased year on year.

Major Initiatives

- Acquired new medium- to long-term contracts and succeeded in extending some contracts for iron ore and woodchip carriers with domestic and overseas customers.
- Acquired biomass fuel transport contract for small- and medium sized bulkers.
- Continued joint research and consideration toward construction of LNG-fueled capesize bulkers.

[Translation for Reference and Convenience Purposes Only]

Energy Transport Business			
Revenues	¥289.5 billion	Revenue composition ratio	22.77%
Ordinary profit (loss)	¥21.1 billion		

[Major Business Lines]

- Owning and operating tankers such as crude oil tankers; product tankers that carry naphtha, gasoline and other refined petroleum products; and chemical tankers that carry liquid chemical products.
- Owning and operating LNG carriers that carry liquefied natural gas, and development of offshore businesses such as FPSO (floating production, storage and offloading system) and FSRU (floating storage and regasification unit).
- Owning and operating steaming coal carriers for the transport of coal for thermal power generation.

Overview of Market Conditions of FY2018

● Tanker Business

- In the very large crude oil carrier (VLCC) market, the market remained weak in the first half of the fiscal year but in the second half, market prices soared higher partly due to the increased demand of the winter season, and partly because of an increase in crude oil exports from North America and western Africa as a substitute for crude oil produced in Iran. For the full year, the market was stronger year on year.
- In the product tanker market, supply and demand tightened in the second half due to the impact of a surging VLCC market, and the market exceeded the previous fiscal year's level for the full year.
- The LPG carrier market was roughly the same level as the previous fiscal year.
- The overall tanker division posted a year-on-year increase in ordinary profit.

● LNG Carrier/Offshore Business

- The LNG carrier division generated stable profit through long-term charter contracts, including seven (7) newly built vessels, and posted a year-on-year increase in ordinary profit.
- The offshore business division generated stable profit, reflecting the start of operation of one (1) new FPSO vessel in addition to steady operations in existing projects such as FPSO and subsea support vessel projects.

● Steaming Coal Carrier

- Medium- to long-term contracts maintained high utilization due to steady cargo movement for coal for thermal power generation in Japan. Although spot market conditions softened in the second half, profits were similar to the previous fiscal year.

Major Initiatives

● Tanker Business

- Conclusion of new contracts for customers in Japan and overseas (newly built VLCCs, newly built methanol carriers, etc.).
- Established a pool operation company for product tankers, "Asahi MOL Tankers Ltd." with Asahi Tanker Co., Ltd. as a 50/50 joint venture.
- Expansion of business in the Atlantic region by our wholly owned subsidiary "MOL Chemical Tankers Pte. Ltd." and participation in the tank terminal business and the tank container business.

● LNG Carrier/Offshore Business

- As a first for the Yamal LNG project, an ice-breaking LNG carrier conducted LNG transportation via the Northern Sea Route to East Asia.
- Concluded a long-term charter contract for LNG bunkering vessels with Singapore state energy company.
- Built partnership in LNG powership business with Karpower International B.V., Turkey.
- Participated in FSRU projects in Hong Kong and Indonesia.
- Participated in two new projects for the Brazilian offshore FPSO.

● Steaming Coal Carrier

- Development and examination of new vessel types tasked with next-generation coal transportation in pursuit of environmental and safety considerations.

[Translation for Reference and Convenience Purposes Only]

Product Transport Business			
Revenues	¥547.6 billion*	Revenue composition ratio	44.18%
Ordinary profit (loss)	¥(12.2) billion		

Containerships share of Product Transport Business			
Revenues	¥278.4 billion*	Revenue composition ratio	22.45%
Ordinary profit (loss)	¥(14.3) billion		

* Sales related to the containership services in connection with the start of operations of the Company's equity-method affiliate Ocean Network Express Pte. Ltd. are not recorded as part of the Company's revenues from the fiscal year under review.

[Major Business Lines]

- Owning and operating containerships, operating container terminals
- Offering total logistics solutions through air and sea forwarding, land transport, warehousing services, services for the transport of heavy goods, etc.
- Owning and operating specialized car carriers for the transport of completed cars and construction machinery and development of comprehensive car transport services such as land transport and terminal operation.
- Transporting passengers and cargos by operating ferries and coastal RoRo ships in inshore Pacific and Seto Inland Sea.

Overview of Market Conditions of FY2018

- Containerships (Ocean Network Express Pte. Ltd.)
 - Beginning April 1, 2018, the Company's equity-method affiliate Ocean Network Express Pte. Ltd. (containership joint venture from three Japanese shipping companies) is providing containership services.
 - The freight market on the Asia-North America routes proceeded firmly overall amid ongoing increasing cargo volume against a backdrop of a strong personal consumption in the U.S. and a rush in demand caused by trade friction between the U.S. and China.
 - The freight market on the Asia-Europe routes rose higher than expected at the end of the fiscal year helped by efforts to reduce sailings and other measures, despite each company introducing ultra-large vessels and a slowdown in the European economy.
 - Substantial losses were recorded amid a situation where cargo volume liftings for the entire fiscal year fell below target levels, despite there having been improvement with respect to capacity utilization rates into the second half upon resolution in the first half of confusion involving customer service arising immediately after initiating services.
- Car Carriers
 - Volumes of shipments of completed cars fell year on year due to trade friction between the U.S. and China and the impact of new exhaust emissions and fuel economy standards in Europe.
 - The Company endeavored to reduce the size of its fleet and further improve operating efficiency, but largely due to additional costs caused by quarantine issues on some routes and a decrease in volumes of shipments from Japan caused by torrential rain in Western Japan, ordinary profit in the car carriers division worsened year on year.
- Ferries and Coastal RoRo Ships
 - The cargo volume was firm as a result of further accelerated modal shift, which reflects changes in the trucking labor situation such as shortage and aging of the workforce, and tighter labor controls.
 - The number of passengers was steady for all ferry routes (Hokkaido, Setonaikai and Minami-Kyushu), owing to the introduction of new ferries into service and activities to promote the concept of casual cruises.
 - The ferries and coastal RoRo ships division as a whole posted a year on year decrease in ordinary profit mainly due to prolonged cancellations because of large typhoons or problems with the vessel themselves.

Major Initiatives

- Containerships (Ocean Network Express Pte. Ltd.)
 - Expanded and kept enhancing its customer services by introducing five new 14000 TEU vessels into Asia-North America routes and Asia-Europe routes, and restructuring services within the Asian region.

[Translation for Reference and Convenience Purposes Only]

- Decided to establish a terminal operation joint venture with PSA Singapore Terminals Pte. Ltd. in Singapore.

● Terminals and Logistics

- In the terminal business, a new terminal opened at Lach Huyen Port (Vietnam).
- In the logistics business, in addition to acquiring additional shares of Malaysian logistics company PKT Logistics Group, established MOL Worldwide Logistics Ltd. in Hong Kong in order to strengthen the NVOCC* business.

* Non Vessel Operating Common Carrier (NVOCC) does not have own transport means (vessels), but carries cargoes between ports and to the final place of delivery in the destination country by using other shipping companies and transportation companies.

● Car Carriers

- Received the Good Design Award 2018 for the next-generation car carrier FLEXIE Series.
- Received delivery of two (2) new vessels of the FLEXIE Series.
- Introduced the new car carrier operations support system, PCC.NET.

● Ferries and Coastal RoRo Ships

- Launch of two (2) new ferries on the Minami-Kyushu route.
- With the deployment of one (1) new RoRo ship in the Tokyo-Kanda route, lead times are greatly shortened and daily operation has been achieved.
- With the aim of further advancing recognition of casual cruises, enhance marketing activities targeted at cruise customers by leveraging ICT.

Associated Businesses			
Revenues	¥128.1 billion	Revenue composition ratio	8.19%
Ordinary profit (loss)	¥12.9 billion		

[Major Business Lines]

Real estate business, cruise ship business, tugboat business, trading business (fuel, vessel materials, sales of machinery, etc.), etc.

Overview of Market Conditions of FY2018

- In the real estate business, ordinary profit increased slightly year on year, due to a firm office leasing market centered on the Tokyo metropolitan area, which offset negative factors such as changes in the major tenants of Daibiru Corporation, the core company in the Group's real estate business.
- The cruise ship business posted a year-on-year decrease in ordinary profit due to the impact of the Nippon Maru accident in December 2018, in which the ship collided with a facility of the port.
- The business results of other associated businesses such as the tugboat and trading businesses were generally strong.
- Ordinary profit of the associated businesses segment as a whole increased year on year.

Major Initiatives

- In the real estate business, Daibiru Corporation acquired an office building development project in central Sydney (expected to be completed in 2020). After Vietnam, it is the first project in Australia that said company has defined as a pillar of overseas business development.
- In the tugboat business, Western Japan's first LNG-fueled tugboat "Ishin" was delivered. Began operation by Nihon Tug-Boat Co., Ltd.

Others			
Revenues	¥21.9 billion	Revenue composition ratio	1.27%
Ordinary profit (loss)	¥2.5 billion		

[Translation for Reference and Convenience Purposes Only]

[Major Business Lines]

Ship management business, financing business, information service business, accounting service business, marine consulting business, etc.

Overview of Market Conditions of FY2018

Ordinary profit in this segment, which mainly comprises the MOL Group's cost centers, decreased year on year.

(4) Fund Raising

1) Fund Raising

The Group's funds required in the fiscal year under review were financed with our own resources and borrowings from financial institutions.

2) Capital Investment

The Group's capital investment, mainly in ships, implemented in the fiscal year under review amounted to ¥149.4 billion.

(¥ million)

Name of Segment	Amount of Capital Investment
Dry Bulk Business	8,490
Energy Transport Business	81,497

Containerships only	-	-	-
Total	17	1,041	41,335

Note: Figures less than one million yen are rounded down to the nearest million.

(5) Management Strategies and Issues to be Addressed

Management Plan "Rolling Plan 2019"

MOL formulated the "Rolling Plan 2017" management plan that started in FY2017. While upholding a mindset of disciplined financial management, MOL is giving priority on its investment of management resources in businesses and projects, in which the MOL Group has a competitive advantage, with the aim of accumulating stable profits in the future. In FY2018, MOL worked to further extend those measures under its "Rolling Plan 2018" management plan.

Those measures will continue in FY2019, and MOL has formulated "Rolling Plan 2019" management plan, under which MOL aims to become "collective business entity with No. 1 competitiveness in the

[Translation for Reference and Convenience Purposes Only]

respective business fields.” Based on its understanding of the current circumstances which are based on the changes in the external environment, MOL will work towards its vision which it aims to achieve 10 years from now by taking the measures set forth below by having the three core strategies (i.e., heavy investments of MOL’s management resources in the business fields where MOL has strengths, which will mainly be offshore business, provision of “stress-free services” which MOL will provide from the customer’s perspective, and promotion of environment strategy and commercialization of emission-free business as MOL’s core business) as pillars.

(1) Investment and business strategies based on core strategies

- In order to respond to the demands for transportation of resources and energy that are diversifying worldwide, MOL will designate as business fields, in which MOL will make heavy investments of its management resources, the businesses that MOL expects growth by using its knowledge and technology, which will mainly be offshore business and LNG carrier business (especially high value-added business fields), and will expand and strengthen these businesses. In other marine transport businesses, MOL will invest its management resources in the business fields where MOL expects to build its strengths while paying attention to their investment efficiency rates.
- By keeping the balance between investment and financial discipline in mind, MOL will narrow down the investment projects and promote cashing out businesses and assets to improve free cash flow.

(2) Priority areas requiring strengthening to support the core strategies

As in the previous year, MOL will promote specific measures such as research on building-block technologies for realizing autonomous sailing, review of LNG-fueled vessels and workplace reform for changing the culture of workplace and organization, while intricately linking the five matters, which are strengthening of maritime skills, utilization of ICT, technological development, environment and emission-free business, and promotion of workstyle reforms, as priority areas requiring strengthening in the medium term.

(3) Focus areas for FY2019

- MOL will revise the safety and quality management framework of entire MOL Group in order to regain customer trust, based on the lessons learned from the cruise ship accident that occurred late last year.
- MOL will work across the entire MOL Group to switch the fuels to safe and economical fuels and to take prevention measures to prevent technical problems, as means to take strategic actions in relation to sulfur oxide (SOx) emissions regulations which will begin in January 2020.

Rolling Plan 2019 Core Strategies

10-year Vision

Collective Business Entity with No.1 Competitiveness in the Respective Business Fields

Changes in external business environment

Shift to decarbonized society
 Changes in trade patterns due to expanding protectionism
 Pressure on supplying vessels due to high shipbuilding capabilities in China and South Korea
 Global economic slowdown

MOL's understanding of current status

Difficulty in achieving appropriate and stable returns through conventional ocean shipping business alone

Three Core strategies to realize the vision

1. Heavy investments of MOL's management resources in the business fields where MOL has strengths, which will mainly be offshore business
2. Provision of "stress-free services" which MOL will provide from the customer's perspective
3. Promotion of environment strategy and commercialization of emission-free business as MOL's core business

Heavy investment of MOL's management resources in fields where MOL has the strength in order to maintain competitive edge and to ensure solid returns

Taking actions based on "Priority Areas Requiring Strengthening" which is continuing from FY2018, and "Development of Group-wide Safety and Quality Management" and "Strategic Actions for Compliance with SOx Regulations" which are newly set for FY2019

[Translation for Reference and Convenience Purposes Only]

FY2019 Main Initiatives Supporting Core Strategies

Priority Areas Requiring Strengthening Continuing from FY2018	Enhance Maritime Skills <ul style="list-style-type: none"> Enhance safety management, for not only MOL-owned vessels, but also chartered vessels and vessels operated by group companies 	
	Utilize ICT <ul style="list-style-type: none"> Develop underlying technologies for autonomous sailing Promote the <u>FOCUS project</u> for the purpose of utilizing vessel operating data 	
	Technology Development <ul style="list-style-type: none"> Promote construction of LNG-fueled vessels 	FOCUS Project Aims to further enhance safe operation and reduce environmental impact through collection, advanced operation monitoring and analysis of voyage and engine data of approximately 150 operating vessels in the ocean.
	Environment and Emission-Free Business <ul style="list-style-type: none"> Promote the LNG fuel business as well as research and collaboration on alternative fuels Establish an organizational structure to promote environmental management (The Environmental Management Committee was established as a subordinate organization of the Executive Committee on April 1, 2019.) 	
	Promote Workstyle Reforms <ul style="list-style-type: none"> Promote <u>workplace reforms</u> 	Workplace Reforms In May 2019, a pilot office opened on the 5th floor of the Head Office building by remodeling the floor and feasibility study on such office began in order to achieve the workstyle which MOL wishes to achieve.
Focus Areas for FY2019	Development of Group-wide Safety and Quality Management <ul style="list-style-type: none"> Visualize the status of the group-wide safety and quality Improve group-wide safety awareness and take specific measures 	
	Strategic Actions for Compliance with SOx Regulations <ul style="list-style-type: none"> Take actions on a group-wide basis in order to enable MOL-operated vessels to switch fuels safely and economically Examine the effects of compliant oil on vessel performance in order to prevent any technical problems which may arise from compliant oil 	

Medium- to Long-Term Profit Levels and Key Financial Indicators and Shareholder Returns (Continuing from Rolling Plan 2018)

Medium- to Long-Term Profit Levels and Key Financial Indicators

	Projected medium-term levels	2027 Targets
Ordinary Profit	¥80.0-¥100.0 billion	¥150.0-¥200.0 billion
ROE	8-12%	-
Gearing Ratio	2.0 or less	1.0

Shareholder Returns

For the time being, the standard level will be 20% dividend payout ratio, while working to improve the ratio as a medium- and long-term task.

Initiatives on ESG/SDGs – Promoted together with Rolling Plan –

- MOL's Sustainability Issues (Materiality)**
- Value-added transportation services
 - Marine and global environmental conservation
 - Innovation for development in marine technology
 - Community development and human resource cultivation
 - Governance and compliance to support businesses

Maximize MOL's economic and social value

Examples

Establishment of the Environmental Management Committee

The committee was established effective April 1, 2019, to serve as a control tower for MOL's environmental strategies in response to evolving environmental measures, social and political trends, and customer needs.

Issuance of Green Bonds

MOL has issued green bonds totaling ¥10.0 billion earmarked for MOL-developed green projects*, i.e. projects that will result in environmental improvements. Out of such ¥10 billion in green bonds, MOL sold ¥5.0 billion to individual investors and MOL is the first operational company in Japan to sell such green bonds to individual investors.

* (1) Ballast water treatment system, (2) SOx (sulfur oxide) scrubber, (3) LNG-fueled vessels, (4) LNG bunkering vessels, (5) Upgraded PBCF (Propeller Boss Cap Fins), and (6) Wind Challenger project

Issues to be Addressed

Ocean Network Express, a containership joint-venture company with Nippon Yusen Kabushiki Kaisha and Kawasaki Kisen Kaisha, Ltd., began its operations on April 1, 2018. The business performance of Ocean Network Express in its initial fiscal year was significantly worse than expected partially due to the confusion in its operations. As a shareholder of Ocean Network Express, MOL will support Ocean Network Express in establishing its business platform under appropriate governance, in order for Ocean Network Express to regain customer trust and to generate synergy from the business integration as soon as possible.

Since 2012, MOL Group is under investigation of antitrust authorities in the U.S. and other countries on suspicion of violation of each country's competition laws in connection with ocean transport services of completed build-up vehicles. In connection therewith, class-action lawsuits were also filed in the U.S. and other countries against MOL Group seeking damages and cease and desist order for MOL's conduct in question. MOL Group takes this situation very seriously, and will continue to work to enhance compliance, including compliance with antitrust laws, and to prevent recurrence.

-------------------	------------------	--

(2) Outline of the Limited Liability Contract

Pursuant to the provisions of Article 427, paragraph (1) of the Companies Act, the Company has entered into contracts with outside officers that limit their liability as set forth in Article 423, paragraph (1) of the Companies Act to the total of the amounts set forth in items of Article 425, paragraph (1) of the Companies Act, if they perform their duties in good faith and without significant negligence.

(3) Remunerations Paid to Directors and Audit & Supervisory Board Members

By reference to companies in the same industry and companies of the same size in other industries, the Company has developed a system of remunerations for Directors and Audit & Supervisory Board Members that is suited for securing human resources, having a link with the Company's business performance designed to motivate Directors and Audit & Supervisory Board Members to achieve performance goals, and also ensuring a link with a medium- to long-term corporate value.

In addition, the Company has established Remuneration Advisory Committee that consists of all three Outside Directors and Representative Director-Chairman Executive Officer and Representative Director-President, Chief Executive Officer who were appointed by a resolution of the Board of Directors as committee members, and is chaired by an outside director to deliberate a structure for remunerations and other compensation packages for directors (including outside directors), calculation method thereof, as well as remunerations and other compensation packages of each individual.

Based on the aforementioned, the remuneration for directors consists of monthly remuneration, bonus based on operating performance for a single fiscal year, and stock option linked to medium- and long-term corporate value. As monthly remuneration, the Company provides directors with a monthly fixed amount, which varies, depending on the level of a director's position. Bonus, which is paid in June every year, comprises a base amount by position levels, which is determined based on the level of performance of the entire company's business results, plus compensation added for individuals achieving the performance results of a division in charge. Stock option, which is granted in August every year, is determined based on each director's position.

Audit & supervisory board members' remuneration is determined within the limit stipulated at a general meeting of shareholders, with consideration given to whether full time or part time, conditions for audit work assigned, and directors' remuneration levels and contents, and through discussions among audit & supervisory board members. Bonuses and stock option are not provided to audit & supervisory board members.

[Translation for Reference and Convenience Purposes Only]

Category	Number of Persons Remunerated	Total Amount of Remunerations by Type (¥ million)			Total Amount of Remunerations Paid (¥ million)
		Monthly remuneration	Bonus	Stock option	
Directors (including outside directors)	10	333	46	41	421
Audit & Supervisory Board Members (including Outside Audit & Supervisory Board Members)	4	85	-	-	85
Total	14	419	46	41	507

- Notes:
1. The above includes remuneration related to one (1) inside director who resigned at the conclusion of the Ordinary General Meeting of Shareholders held on June 26, 2018.
 2. The above includes payments of remunerations to five (5) outside officers totaling ¥61 million.
 3. Recorded figures less than one million are rounded down to the nearest million.

[Translation for Reference and Convenience Purposes Only]

(4) Matters Concerning Outside Officers

1) Major activities and significant concurrent positions outside the Company

[Outside Directors]

Name	Major Activities	Significant Concurrent Positions outside the Company
Masayuki Matsushima	Attended all ten (10) board meetings held in the fiscal year under review and appropriately made statements necessary for discussing proposals on the basis of his many years of experience and knowledge in the financial sector, from the objective viewpoint of an outside director.	Senior Adviser, Integral Corporation Outside Director, JGC Corporation Member of Management Council, Grant Thornton Taiyo LLC Senior Adviser, Taniguchi Partners International Accounting & Tax Office
Hideto Fujii	Attended all ten (10) board meetings held in the fiscal year under review and made statements necessary for discussing proposals based on his many years of experience and knowledge of Japan's economic management and policy finance, from the objective viewpoint of an outside director.	Adviser, Sumitomo Corporation
Etsuko Katsu	Attended all ten (10) board meetings held in the fiscal year under review and made statements necessary for discussing proposals based on her knowledge and insights as a specialist mainly on international finance, from the objective viewpoint of an outside director.	Professor, School of Political Science and Economics, Meiji University Outside Director (Audit and Supervisory Committee Member), DENTSU INC. Director, Center for Entrance Examination Standardization Administrative Board Member, International Association of Universities (IAU) Chairman of Fund Management Advisory Committee, The Japan Foundation

[Outside Audit & Supervisory Board Members]

Name	Major Activities	Significant Concurrent Positions outside the Company
Hiroyuki Itami	Attended all ten (10) board meetings and all ten (10) audit & supervisory board members' meetings held in the fiscal year under review and appropriately made statements necessary for discussion of proposals mainly from the professional viewpoint as a scholar of business administration. [Translation for Reference and Convenience Purposes Only]

5. Status of the Accounting Auditor

(1) Name of Accounting Auditor KPMG AZSA LLC

(2) Compensations to the Accounting Auditor

	(¥ million)
	Amount of Compensations Paid
Compensations paid for the fiscal year under review	88
Total of cash and other economic benefits payable by the Company and its subsidiaries to the Accounting Auditor	201

Notes: 1. Figures less than one million yen are rounded down to the nearest million.

2. The audit agreement entered into by MOL and the Accounting Auditor does not clearly distinguish the amount being derived from the audit under the Companies Act and that which is being derived from the audit under the Financial Instruments and Exchange Act and cannot practically distinguish between the two types, therefore, the amount of compensations paid to the Accounting Auditor for the fiscal year under review is the total of these amounts.
3. The Audit & Supervisory Board of the Company has given its consent to the compensations to the Accounting Auditor for the fiscal year under review as stipulated in Article 399, paragraph (1) of the Companies Act, after the Board reviewed the descriptions in the audit plan, the Accounting Auditor's performance of its duties, the basis for calculating the estimated compensation, audit hours, and historical changes of compensations and other factors, and concluded that the compensations to the Accounting Auditor for the fiscal year under review are appropriate in view of efficiency of the audit and quality of audit delivered.

(3) Contents of Non-audit Services

The Company has entrusted to the Accounting Auditor with services related to "preparation of comfort letter" that are services (non-audit services) other than ones stipulated in Article 2, paragraph (1) of the Certified Public Accountants Act.

(4) Company Policy for Decisions on Dismissal or Non-reappointment of Accounting Auditor

In case the Accounting Auditor is considered to be within the circumstances stipulated in any of items of Article 340, paragraph (1) of the Companies Act, the Audit & Supervisory Board shall dismiss the Accounting Auditor by consent of all audit & supervisory board members.

In addition to the above, in the case when there is any event that undermines eligibility or credibility as the Accounting Auditor, when it is considered difficult for the Accounting Auditor to properly perform an accounting audit, when it is considered reasonable to change the Accounting Auditor in order to improve the appropriateness of the accounting audit, or when the Company concludes that it is appropriate to dismiss or not to reappoint the Accounting Auditor in comprehensive consideration of the Accounting Auditor's performance of its duties and other various factors, the Audit & Supervisory Board decides details of an agenda concerning dismissal or non-reappointment of the Accounting Auditor and requests the Board of Directors to include that agenda in the agenda of the general meeting of shareholders. The Board of Directors, upon request from the Audit & Supervisory Board, decides to include the said agenda in the agenda of the general meeting of shareholders.

6. System to Secure Properness of Operations

(1) Outline of the system to secure the properness of operations

The following is a summary of details of the decision on the system to ensure that the execution of duties by directors complies with laws and regulations and the Articles of Incorporation, and the system to secure properness of other operations of the Company.

(Last revision: April 27, 2018)

i) System to Ensure that the Execution of Duties by the Directors, Executive Officers and Employees Complies with Laws and Regulations and the Articles of Incorporation
<Compliance>

- (a) The Group not only complies with laws and regulations and the articles of incorporation but also advocates an "open and visible management style that is guided by the highest ethical and social standards" as one of its corporate principles. The Company formulates the Compliance Policy as a

[Translation for Reference and Convenience Purposes Only]

basis to realize compliance and establishes a Compliance Committee, which is headed by a Chief Compliance Officer (CCO) appointed by the Board of Directors to develop and maintain the compliance system through regular monitoring.

- (b) The Company ensures that officers and employees comply with the code of conduct stipulated in Article 5 of the Compliance Policy, with a focus on compliance with overseas competition laws, taking a stringent and resolute attitude toward antisocial forces, prohibition of insider trading, prohibition of bribery, preservation of confidential information on customers and companies, etc. and prohibition of discrimination and harassment.
- (c) The Company provides training by job rank and category and implements e-learning with respect to various laws and regulations and rules such as the Antimonopoly Act, the Financial Instruments and Exchange Act and the Unfair Competition Prevention Act as well as the Company regulations for all officers and employees to prevent compliance violations and take remedial actions while ensuring that officers and employees are fully aware of compliance and improving the level of such awareness.
- (d) Based on the Compliance Policy, the Company develops and operates a reporting and consultation system by establishing a service desk for reports and consultation on violation of compliance rules as well as a compliance advisory service desk provided by an outside attorney. The Company guarantees that reports and consultations concerning compliance violations by officers or employees are held in strict confidence and any individual initiating such report or consultation will not suffer any disadvantageous treatment for such report or consultation made.

<Corporate governance>

- (e) The Board of Directors consisting of inside directors and outside directors secures its proper operations with rules of the Board of Directors and supervises execution of duties by directors. Also, directors are involved in the highest level of policymaking regarding all aspects of corporate management through the Board of Directors, and, as members of the Board of Directors, they supervise and encourage executive officers to execute business.
 - (f) The Executive Committee set up by the Board of Directors deliberates to enable the President, Chief Executive Officer to decide important issues on basic management plans and execution of business, based on uppermost policies decided by the Board of Directors.
 - (g) The Board of Directors shall make efforts to create an environment which enables the audit & supervisory board members to audit the performance of duties by directors and executive officers in accordance with auditing policies stipulated in the rules of the Audit & Supervisory Board and the standards of audit by the audit & supervisory board members, and enables the audit & supervisory board members to fulfill policies stipulated in other laws and regulations.
 - (h) The Corporate Audit Division is established, and is directed only by the Executive Committee as an internal audit department and independent from any other positions.
- ii) System to Ensure Objectivity and Transparency of Personnel Affairs and the Process for Determining Remuneration for the Directors and Executive Officers
- (a) For the purpose of improving objectivity and transparency in procedures for nomination of directors and executive officers as well as determination of their remunerations, etc. and reinforcing accountability, the Company establishes Nomination Advisory Committee and Remuneration Advisory Committee under the Board of Directors.
 - (b) Nomination Advisory Committee and Remuneration Advisory Committee comprise a chairman, a president, and all independent outside directors respectively. The chairpersons of the committees shall be elected from independent outside directors by a resolution of the Board of Directors.
 - (c) Nomination Advisory Committee shall deliberate matters concerning appointment or removal of directors and executive officers in response to a consultation by the Board of Directors and make a recommendation to the Board of Directors.
 - (d) Remuneration Advisory Committee shall deliberate matters concerning remuneration for directors and executive officers and their treatment in response to a consultation by the Board of Directors and make a recommendation to the Board of Directors.
 - (e) The Board of Directors shall respect recommendations from Nomination Advisory Committee and Remuneration Advisory Committee.
- iii) System Concerning the Preservation and Management of Information on Execution of Duties by Directors and Executive Officers
- (a) Information on execution of duties by directors and executive officers is properly preserved and managed during a specified period in accordance with the rules of document management in the case of documents and the rules of electronic information security in the case of electronic information.

[Translation for Reference and Convenience Purposes Only]

- (b) Directors and audit & supervisory board members may access to these documents at any time.
- iv) Rules and Other Systems Concerning Management of Risk that May Cause Losses
 - In preparation for major risks that may cause losses, the Company establishes the following control systems, and the Executive Committee functions as a body to comprehensively manage all risks.
 - (a) Risks concerning maritime shipping market trends
 - In the marine transportation field, the Company's principal business, the shipping tonnage supply-demand is influenced by trends in the volume of global seaborne trades and supply of vessels, and freight rates and charter hire rates fluctuate. Hence, such material issues as investment in ships and others are brought to a decision-making body, after the Investment and Finance Committee set up as a primary deliberative organ of the Executive Committee understands, analyzes and evaluates risks.
 - (b) Safe operation of ships
 - The Operational Safety Committee, that has been set up as a subordinate organ of the Executive Committee and led by the President, Chief Executive Officer, reviews and deliberates issues concerning safe operation based on the rules of the Operational Safety Committee, in order to secure and thoroughly implement the safe operation of ships. Should an accident occur, it prevents damage from expanding and protects the environment in accordance with the rules of the Emergency Control Headquarters.
 - (c) Market risks
 - Market risks including fluctuations of bunker prices, exchange rates and interest rates are reduced with appropriate management based on the rules of market risk management.
- v) System to Secure Efficient Execution of Duties by Directors and Executive Officers
 - (a) The Board of Directors meets approximately 10 times per year with appropriate intervals between meetings, and as necessary. Material matters to be brought to the Board of Directors are, in general, deliberated in the Executive Committee in advance based on the rules of the Board of Directors.
 - (b) The Executive Committee consists of members appointed by the President, Chief Executive Officer and approved by the Board of Directors. The Executive Committee meets once a week in general, and as necessary, based on the rules of the Executive Committee. Furthermore, if required, the Executive Committee sets up a subcommittee to consult about necessary matters.
 - (c) Executive officers are appointed by the Board of Directors, take over authorities transferred by representative directors based on rules of executive officers, and perform their duties in accordance with the uppermost policies decided by the Board of Directors regarding all aspects of corporate management, based on the division of duties by organization and the administrative authority of each position stipulated in the organizational rules.
- vi) System to Secure the Reliability of Financial Reporting
 - (a) In attempt to secure appropriate accounting and enhance the reliability of financial reporting, the rules for accounting shall be prescribed while a system of internal control over financial reporting shall be established and steps shall be taken to enhance the effectiveness of the system.
 - (b) The Corporate Audit Division evaluates the effectiveness of internal control over financial reporting. The department receiving the evaluation implements measures for correction or improvement as necessary.
- vii) System to Secure the Propriety of Business Carried Out by the Group Consisting of the Company and its Subsidiaries
 - (a) In an attempt to secure the propriety of business carried out by the Group companies, the group corporate principles are advocated, and each Group company prescribes various rules based on it.
 - (b) With regard to the business management of the Group companies, the status of executing business operations at each company shall be supervised based on the management plan and annual budget of the entire Group. In addition, a division of the Company shall be established to be responsible for the business management of each Group company, depending on the nature of each company's business operation. Based on the rules of the Group companies' business management, a head of the division shall receive necessary reports in a timely manner from directors, etc. of the Group companies to properly understand the management status and business risks. In addition, the head of the division shall require the Group companies to carry out material matters about management of the Group companies with the Company's approval, and allocate necessary managerial resources in a timely and appropriate manner to ensure that directors, etc. of the Group companies will perform their duties efficiently. For the Group companies classified as quasi internal organizations in accordance with the

[Translation for Reference and Convenience Purposes Only]

organizational rules, however, a relevant officer shall perform the said procedures, instead of the head of the division.

- (c) To secure compliance among the Group companies, each Group company prescribes various rules conforming to the Company's Compliance Policy including the code of conduct. The Compliance Advisory Service Desk provides officers and employees of the Group companies with consultation service, about the compliance program as properly applicable to the entire Group. The Company requests the Group companies to guarantee that reports and consultations concerning compliance violation by officers or employees of the Group are held in strict confidence and any individual initiating such report or consultation will not suffer any disadvantageous treatment for such report or consultation made.
- (d) As for the audits of the Group companies, each Group company appropriately establishes an internal audit system, and the Corporate Audit Division of the Company conducts internal audits of domestic and international Group companies on a periodical basis and as necessary based on the internal audit rules.

viii) **Dedicated Staff Members to Assist in the Audit & Supervisory Board Members' Duties and Their Independence**

- (a) To assist in the audit & supervisory board members' duties, assistants for audit & supervisory board members are appointed among the Company's employees.
- (b) Personnel evaluation of assistants for audit & supervisory board members is conducted by the audit & supervisory board members, and the transfer of assistants for audit & supervisory board members is decided with approval of the Audit & Supervisory Board.
- (c) In general, assistants for audit & supervisory board members shall not be concurrently involved in business execution.

ix) **System Concerning Reports to the Audit & Supervisory Board Members Including a Reporting System from Directors, Executive Officers, Employees and Others Concerning Reports to the Audit & Supervisory Board Members, and System to Ensure that the Audit is Effectively Conducted by the Audit & Supervisory Board Members**

- (a) Rules are prescribed on matters to be reported to the audit & supervisory board members by directors, executive officers and employees. Based on those rules, directors, executive officers and employees shall report to the audit & supervisory board members on material matters that may have an impact on the Company's businesses or performance. Directors, audit & supervisory board members, executive officers and employees of the Group companies may report to the audit & supervisory board members on material matters that may have an impact on businesses or performance of the Company or the Group.
- (b) By maintaining the appropriate operation of reporting and consultation service systems based on the Compliance Policy, the appropriate reporting system to the audit & supervisory board members on issues concerning compliance such as violation of laws is secured. The Company guarantees that reports to and consultations with any audit & supervisory board member concerning compliance violation by officers or employees of the Group are held in strict confidence and any individual initiating such report or consultation will not suffer any disadvantageous treatment for such report or consultation made.
- (c) Representative directors make efforts to have regular meetings with the audit & supervisory board members.
- (d) The Corporate Audit Division shall cooperate in the effective implementation of the audit by the audit & supervisory board members, while keeping in contact and coordinating with the audit & supervisory board members.
- (e) When an audit & supervisory board member requests an advance payment for expenses, etc. relating to execution of their duties in accordance with Article 388 of the Companies Act, such expense or liability requested to be paid shall be processed accordingly unless such expense or liability requested to be paid is deemed unnecessary for executing duties of the audit & supervisory board member.

(2) Overview of Status of Operating System to Secure Propriety of Operations

The Company has been appropriately managing the system to secure propriety of operations of the Company as described above. There are no issues to report.

The following is an overview of the status of the operating system to secure the appropriateness of operations.

[Translation for Reference and Convenience Purposes Only]

i) Compliance

- (a) MOL has internal regulations including the code of conduct for officers and employees of the Company and the Compliance Policy. The Company also holds internal training, seminars, e-learning training, and other learning activities for officers and employees to provide a better understanding of those rules and their awareness of compliance.
- (b) The Company has appointed Compliance Officers who are responsible for enforcing compliance regulations within divisions and branch offices and Chief Compliance Officer who is accountable for developing and strengthening the compliance structure, as well as supervising Compliance Officers, thereby clarifying the personnel accountable for compliance. In addition, the Company has established the Compliance Committee as a subordinate organization of the Executive Committee. The Compliance Committee holds regular meetings and acts to enhance and strengthen the compliance structure across the Company, as well as make decisions on measures for compliance violations.
- (c) The Company has established an internal Compliance Advisory Service Desk, which handles consultations and reports from officers and employees of the Company and the Group companies, as well as an external Compliance Advisory Service Desk. In the event compliance violations are reported or identified, the desks immediately take the necessary measures. In addition, they ensure that reports and consultations are held in strict confidence, and do not become the basis for any disadvantage treatment.

ii) Corporate Governance

- (a) The Board of Directors, as the Company's primary decision-making body, discusses and decides the most important matters connected with MOL Group management, as well as supervises business operations. The Board of Directors held 10 meetings during the fiscal year under review.
- (b) In order to ensure the further effectiveness of the supervision of executive directors by independent outside directors, the Company established the Nomination Advisory Committee and the Remuneration Advisory Committee, both comprising the Chairman, President and all the independent outside directors, of which independent outside directors form a majority of the members of both committees. These Committees discuss matters related to the selection and dismissal of directors and executive officers, remuneration and their treatment, and report to the Board of Directors.
- (c) In a bid to make the Board of Directors focus on critical matters, important matters in basic business plans and execution of business operations are discussed and determined by the Executive Committee, which generally meets weekly. Executive officers appointed by the Board of Directors and delegated authority from the Representative Director execute operations based on decisions made by the Executive Committee, thereby enhancing efficiency and accelerating business execution.
- (d) The Company and the Group companies regularly report the status of their businesses at important internal meetings including meetings of the Board of Directors and the Executive Committee, and provide timely instructions to relevant divisions on the occurrence of issues and problems requiring solutions.

iii) Risk Management

- (a) The Company set up the Investment and Finance Committee as a preliminary deliberative organ of the Executive Committee. The Committee holds a meeting every week, in principle, and understands, analyzes, and evaluates risks, reporting the results to the Board of Directors and the Executive Committee for their decision-making.
- (b) Assets of the Company and the Group companies are systematically analyzed in terms of risks of fluctuations of their value, and quantitatively analyzed results are reported to the Board of Directors regularly. After assessing and analyzing the quantitative value of risks provided by reports, the Board of Directors and other decision-making bodies make investment decisions, and control risks for all businesses of the MOL Group.
- (c) The Operational Safety Committee held two meetings during the fiscal year under review with the aim of ensuring and thoroughly establishing safe vessel operations. Moreover, with the aim of managing risks relating to vessel operations, the Safety Operation Supporting Center (SOSC) has a framework in place covering all vessels to support ship captains by monitoring information related to a ship's movements, as well as that related to weather and sea conditions, and ship navigation. In addition, MOL also engages in efforts that involve carrying out scheduled safety inspections based on MOL's own safety standards, as well as hiring and training marine technical specialists who take charge of safety matters. While enhancing the safety of operations of MOL Group's vessels through these initiatives, the Company performs research and development and other projects to adopt cutting-edge technologies, including ICT, to supplement its human capacity and secure safe operations.

[Translation for Reference and Convenience Purposes Only]

(d) Pursuant to the provision stipulated in the Japanese Financial Instruments and Exchange Act, MOL evaluates the effectiveness of its internal control operations to secure the credibility of its financial reports, and confirms appropriate operation of its internal control systems.

iv) Management of MOL Group companies

- (a) MOL has established regulations including Group Company Management Regulations and Group Company Management Practical Guidelines, aiming at appropriately managing MOL Group companies. In addition, MOL addresses any important business items of MOL Group companies, as matters to be approved by MOL, as well as receives reports on the progress of their business plans, etc., and provides guidance and advice appropriately, thereby improving the corporate value of the MOL entire group. Furthermore, twice a year, MOL holds a Group Executive Meeting attended by the MOL Chairman, MOL President, MOL management people, and representatives of MOL Group companies, and enhances the sharing and confirmation of management goals and thorough assurance of compliance regulations. With these initiatives, MOL oversees the business operations of MOL Group companies.
- (b) MOL Group companies have formulated their own compliance systems, in accordance with their corporate scales and industrial categories as independent corporations. In the event that MOL Group companies have any incidents regarded as violations of compliance, the companies follow their own internal regulations, immediately act to implement remedies, and take measures to prevent re-occurrence, while MOL takes the necessary actions for reporting to the MOL Compliance Committee, etc.

v) Audit & Supervisory Board Members

- (a) The Company has appointed Audit & Supervisory Board Manager to support the duties of the Audit & Supervisory Board and audit & supervisory board members, placing one dedicated staff member to engage in providing support. To ensure independence from directors and effectiveness of instructions of audit & supervisory board members, audit & supervisory board members concur with the said dedicated staff member's performance appraisal, and the Audit & Supervisory Board concurs with the said staff member's transfer.
- (b) The Company assures full-time audit & supervisory board members attend meetings of the Executive Committee, Investment and Finance Committee, and other committees, in addition to meetings of the Board of Directors, ensuring the execution of their audits of management discussions and decision-making processes. Furthermore, audit & supervisory board members have regular meetings with directors and executive officers to have a common understanding of management issues and risks, in order to ensure appropriate business operations.

vi) Internal Audit

At MOL, the Corporate Audit Division, which is an internal audit department, draws up an audit plan every fiscal year and conducts internal audits of its headquarters organizations and domestic and international MOL Group companies, and reports audit results to the Executive Committee. In case internal audit results identify issues and problems requiring remedies, MOL acts to achieve a resolution by giving instructions to relevant divisions appropriately.

Notes to Consolidated Financial Statements

Significant Matters for Basis of Preparation of Consolidated Financial Statements

1. Scope of consolidation

- (1) Number of consolidated subsidiaries: 371
- (2) Names of principal consolidated subsidiaries are as stated in “1. Matters Concerning the Present State of the Corporate Group, (10) Principal Subsidiaries.”
- (3) Name of principal non-consolidated subsidiary: Asia Cargo Service Co., Ltd.
- (4) Reason for exclusion from the scope of consolidation
Total assets, total operating revenues, net income (based on the Group’s equity interest) and retained earnings (based on the Group’s equity interest) of non-consolidated subsidiaries are not significant respectively, and do not have a material impact on the consolidated statutory reports.

2. Application of equity method accounting

- (1) Number of equity method affiliates: 90
- (2) Names of principal equity method affiliates are as stated in “1. Matters Concerning the Present State of the Corporate Group, (11) Principal Equity Method Affiliates.”
- (3) Name of principal non-consolidated subsidiary that is not accounted under the equity method:
Asia Cargo Service Co., Ltd.
- (4) Name of principal affiliate that is not accounted under the equity method:
Sorami Container Center Co., Ltd.
- (5) Reason for exclusion from the scope of applying the equity method accounting
Net income and retained earnings (based on the Group’s equity interest) of non-consolidated subsidiaries and affiliates that are not accounted under the equity method are not significant.

3. Changes in scope of consolidation and application of equity method

- (1) Scope of consolidation
17 companies, including Daibiru Holdings Australia Pty Ltd. have been newly included in the scope of consolidation from this fiscal year due to the increase in materiality and other reasons. 11 companies have been excluded from the scope of consolidation due to liquidation and other reasons, and 4 companies have been changed from consolidated subsidiaries to equity method affiliates due to sale of shares.
- (2) Scope of applying the equity method accounting
8 companies have been newly included in the scope of equity method application from this fiscal year due to new establishment, the increase in materiality and other reasons. 2 companies have been excluded from the scope of equity method application due to liquidation and in-kind investment, and 4 companies have been changed from consolidated subsidiaries to equity method affiliates due to sale of shares.

[Translation for Reference and Convenience Purposes Only]

4. Significant accounting policies

(1) Bases and methods of valuation of assets

Securities

Trading securities	Market value method (Costs of securities sold are determined based on the moving-average method)
Held-to-maturity debt securities	Amortized cost method
Other securities	
Available-for-sale securities with market value	Market value method based on the market price as of the closing date (Unrealized gains/losses are recorded in equity. Costs of securities sold are determined mainly based on the moving-average method)
without market value	Stated at cost mainly based on the moving-average method
Derivative transactions	Market value method
Inventories (Fuel and supplies)	Stated at cost mainly based on the moving-average method (Amounts on the balance sheet are measured at the lower of cost or net realizable value)

(2) Depreciation methods for fixed assets

Tangible fixed assets (excluding leased assets)

Vessels	Mainly straight-line method (Declining-balance method for a part of vessels)
Buildings and structures	Mainly straight-line method
Other tangible fixed assets	Mainly declining-balance method

Intangible fixed assets (excluding leased assets) Straight-line method

Internal use software is depreciated by the straight line method, based on the estimated useful life of 5 years.

Amortization of goodwill is estimated individually for the period in which the effect is realized, and goodwill is equally amortized over the period.

Leased assets

Leased assets under finance leases that transfer ownership are depreciated consistently as fixed assets that the Group own.

Leased assets under finance leases other than those that transfer ownership are depreciated using the straight-line method, based on lease terms and residual value of zero.

(3) Accounting treatment for deferred assets

Bond issue expenses	Expensed as incurred
Stock issue expenses	Expensed as incurred

[Translation for Reference and Convenience Purposes Only]

(4) Accounting for allowances

Allowance for doubtful accounts

Allowance for general receivables is based on historical default rate.

Allowance for specific receivables, such as individual doubtful receivables, is based on the individual likelihood of default.

Allowance for bonuses

Allowance for bonuses to employees is based on the estimated amount of future payments attributed to the fiscal year.

Allowance for directors' bonuses

The Company and several domestic consolidated subsidiaries record allowances for bonuses to directors based on the estimated amount of future payments.

Allowance for loss on contracts

Allowance for loss on contracts is based on the estimated amounts of loss on contracts with future higher probability of loss to be incurred due to a decision made over contracts, etc.

Allowance for loss related to business restructuring

Allowance for loss related to business restructuring is based on the estimated amounts of loss related to business restructuring.

Allowance for directors' and audit & supervisory board members' retirement benefits

Several domestic consolidated subsidiaries record allowances for payments of retirement benefits to directors and audit & supervisory board members based on amounts to adequately cover payments at the end of the fiscal year, in accordance with internal regulations.

Allowance for periodic drydocking

Allowance for periodic drydocking is based on the estimated amount of repairs of vessels.

Allowance for environmental measures

Allowance for disbursement associated with polychlorinated biphenyl (PCB) waste is based on the estimated amounts of future obligations.

(5) Recognition of freight revenues and related expenses

Containerships: Recognized by the multiple transportation progress method.

Vessels other than containerships: Recognized mainly by the completed-voyage method.

(6) Hedge accounting

Hedge accounting

The Company mainly adopts deferral hedge accounting. The Company adopts special accounting rules for interest swaps that meet the requirements of special accounting rules.

Hedging instruments and hedged items

Means for hedging

Loans payable in foreign currencies

Forward foreign exchange contracts

Currency option contracts

Currency swap contracts

Interest rate swap contracts

Interest rate cap contracts

Fuel oil swap contracts

Freight futures

Hedged items

Future transactions in foreign currencies

Future transactions in foreign currencies

Future transactions in foreign currencies

Charter fees and loans payable in foreign currencies

Interest on loans and bonds payable

Interest on loans

Fuel oil

Freight

Hedging policy

The hedging derivative transactions are executed and managed by the Company mainly in accordance with established policies, "Market Risk Management Policy" and "Guideline for Market Risk Management," clarifying hedged items by individual case, in order to hedge risks of currency exchange rate fluctuations, interest rate fluctuations, or changes in prices against relevant hedged items.

[Translation for Reference and Convenience Purposes Only]

Method of evaluating the effectiveness of hedges

The Company evaluates hedge effectiveness mainly by comparing the cumulative changes in cash flows from or the changes in fair value of hedged items, and the cumulative changes in cash flows from or the changes in fair value of hedging instruments during the period from commencement of hedging to the point of evaluating effectiveness, based on changes in both amounts and others. As for interest swap contracts meeting the requirement for special treatment, the evaluation of hedge effectiveness is omitted.

(7) Interest expense is generally expensed as incurred. However, interest expense for assets which are constructed over a long term and are significant in terms of investment, is included in acquisition cost.

(8) Other significant matters for the preparation of consolidated financial statements

Accounting for retirement benefits

Net defined benefit assets/liabilities are recorded based on estimates of retirement benefit obligations and pension assets as of the end of the fiscal year. Unrecognized actuarial gains/losses are amortized by the straight-line method over a period that does not exceed the employees' estimated remaining service period (generally 10 years) from the next fiscal year. Prior service costs are generally expensed as incurred.

Accounting for consumption taxes

Consumption tax and similar local taxes are excluded from income and expense.

Notes to Changes in Presentations

(Consolidated statements of income)

“Gain on sales of shares of subsidiaries and associates,” which was included in “Others” in Extraordinary income in the previous fiscal year, is separately disclosed in this fiscal year, due to the increase in materiality.

“Gain on sales of shares of subsidiaries and associates” for the previous fiscal year was ¥186 million.

(Changes due to the application of “Partial Amendments to Accounting Standard for Tax Effect Accounting”)

The Company has applied the “Partial Amendments to Accounting Standard for Tax Effect Accounting” (ASBJ Statement No. 28, February 16, 2018) effective from the beginning of the fiscal year ended March 31, 2019 and changed the presentation to the method where deferred tax assets is presented under “Investments and other assets,” and deferred tax liabilities is presented under “Fixed liabilities.”

Notes to Consolidated Balance Sheets

1. Breakdown and amounts of inventories

Raw materials and supplies	¥35,004 million
Other	¥1,441 million

2. Assets pledged as collateral and secured obligations

(1) Assets pledged as collateral

Vessels	¥175,975 million
Construction in progress	¥9,324 million
Investment securities	¥634 million
Investments in and advances to subsidiaries and affiliates	¥69,813 million
<u>Total</u>	<u>¥255,748 million</u>

Pledged investment securities and investments in and advances to subsidiaries and affiliates include the following:

- Investments in and advances to subsidiaries and affiliates of ¥69,813 million are pledged as collateral to secure long-term loans of subsidiaries/affiliates and future payment of charter hire.
- Investment securities of ¥634 million are pledged as collateral for long-term loans associated with Offshore Business and LNG carrier projects.

[Translation for Reference and Convenience Purposes Only]

(2) Secured obligations	
Short-term loans	¥12,180 million
Long-term loans	¥148,861 million
Total	¥161,042 million

3. Accumulated depreciation of tangible fixed assets ¥923,152 million

4. Contingent liabilities

Guarantee liabilities, etc.	¥123,075 million
(Guarantee liabilities in foreign currency included in above)	¥108,665 million)

5. Others

(1) Litigation

On January 10, 2014, the Company filed a lawsuit against Mitsubishi Heavy Industries, Ltd. (hereinafter "MHI") at Tokyo District Court seeking compensation for damages in association with a maritime accident caused by a vessel constructed by said company. In response, MHI filed a countersuit at Tokyo District Court seeking payment for reinforcement of the strength of the ship's hull of the same type of ship, and the legal dispute is continuing.

The Company recognizes the claims of the countersuit by MHI as unjust, and intends to assert the propriety of the Company in addition to upholding the claims for damages under the lawsuit.

(2) Others

Since 2012, the Group is the subject of investigations by the antitrust authorities in the U.S. and other countries, on the suspicion of violations of each country's competition laws with respect to ocean transport services of completed build-up vehicles. In addition, a class-action lawsuit was filed in the U.S. and other countries against the Group, for damage claims, a cease and desist order for the questioned conduct.

Meanwhile, the effect of these investigations and lawsuit on the financial results of the Group is uncertain as its financial impact is not estimable at this stage.

Notes to Consolidated Statement of Changes in Net Assets

1. Class and total number of issued and outstanding shares as of the end of this fiscal year

Class:	Common stock
Total number of shares:	120,628,611 shares

2. Class and number of shares of treasury stock as of the end of this fiscal year

Class:	Common stock
Number of shares:	1,034,487 shares

[Translation for Reference and Convenience Purposes Only]

3. Dividends distribution of surplus

(1) Dividends paid

Resolution	Class of stock	Total dividends (¥ million)	Dividends per share (¥)	Record date	Effective date
Ordinary General Meeting of Shareholders June 26, 2018	Common stock	1,195	10.0	March 31, 2018	June 27, 2018
Board of Directors' Meeting October 31, 2018	Common stock	2,391	20.0	September 30, 2018	November 29, 2018

(2) Dividends for which record date is in this fiscal year but the effective date for the dividends is in the following fiscal year

Resolution	Class of stock	Total dividends (¥ million)	Dividends per share (¥)	Record date	Effective date
Ordinary General Meeting of Shareholders June 25, 2019	Common stock	2,989	25.0	March 31, 2019	June 26, 2019

4. Class and number of shares subject to the share subscription rights at the end of the fiscal year

(Excluding share subscription rights yet to be effective)

Class: Common stock
Total number of shares: 1,219,500 shares

[Translation for Reference and Convenience Purposes Only]

Notes on Financial Instruments

1. Qualitative information on financial instruments

To acquire vessels and other fixed assets, the Group raises capital investment primarily by bank loans and bonds. In addition, the Group raises short-term working capital primarily by bank loans. Furthermore, the Group has commitment lines with Japanese banks to maintain sufficient sources of working capital and secure necessary liquidity in case of emergency situations.

Trade receivables are exposed to the credit risks of customers. The Group mitigates such risks by performing operations in accordance with internal regulations. In addition, trade receivables denominated in foreign currencies are exposed to the foreign currency exchange rate risks. The Group avoids this risk mainly by using exchange forward contracts to cover net trade receivables and payables denominated in foreign currencies. Investment securities are mainly stocks of companies which the Group has business relationships with. Fair value of listed stock is measured at market value on a quarterly basis.

Trade payables are due within a year. Short-term loans and commercial papers are primarily used to raise short-term working capital, while long-term loans and bonds are mainly used to raise necessary funds for capital investments. Although several items have variable interest rates and therefore are exposed to volatility risks, the Group uses derivative financial instruments (interest rate swaps and interest rate cap contracts) to fix certain portions of such variable interest rates. Long-term loans denominated in foreign currencies are exposed to foreign currency exchange rate risks; however, currency swaps are set for a portion of such loans to minimize the risks. Derivatives are used to hedge risks as discussed above and are executed to manage risks related to actual demand. In accordance with internal policies (“Market Risk Management Policy” and “Guideline for Market Risk Management”), the Group’s policy is not to use derivatives for speculative purposes.

2. Fair values of financial instruments

The book value, fair value, and differences between the two values of financial instruments at end of this fiscal year are as follows:

	Book Value	Fair Value	Difference
(1) Cash and deposits	124,505	124,505	—
(2) Trade receivables	92,160	92,160	—
(3) Marketable securities			
Available-for-sale securities	500	500	—
(4) Short-term loans receivable	18,192	18,192	—
(5) Long-term loans receivable (*1)	78,033	80,745	2,711
(6) Investment securities			
Available-for-sale securities	96,881	96,881	—
(7) Investments in and advances to subsidiaries and affiliates	3,012	2,009	(1,002)
(8) Trade payables	81,020	81,020	—
(9) Short-term loans	109,314	109,314	—
(10) Commercial papers	40,000	40,000	—
(11) Bonds (*2)	196,698	198,840	2,142
(12) Long-term loans (*3)	744,101	747,419	3,317
(13) Derivative financial instruments (*4)	30,041	29,895	(145)

(*1) The book value of long-term loans receivable includes current portion of ¥4,904 million.

(*2) The book value of bonds includes current portion of ¥28,500 million.

(*3) The book value of long-term loans includes current portion of ¥78,104 million.

[Translation for Reference and Convenience Purposes Only]

(*4) Assets and liabilities from derivative financial instruments are net. Negative amounts are stated in [].

Notes: 1. Methods used to measure financial instruments at fair value, and issues regarding investment securities and derivative financial instruments are as follows:

- (1) Cash and deposits, (2) Trade receivables, and (4) Short-term loans receivable
Fair value of above assets is evaluated at book value since they are settled within a short period and fair value is almost equivalent to book value.
- (3) Marketable securities
Marketable securities are jointly managed designated money trusts, and considering the short settlement periods of such trusts, book value is used because fair value is almost equivalent to book value.
- (5) Long-term loans receivable
Fair value of long-term loans receivable with variable interest rate is evaluated at book value since the interest rate reflects the market rate in a short term and fair value is almost equal to book value, unless the creditworthiness of the borrower has changed significantly since the loan was made. Fair value of long-term loans receivable with fixed interest rates, for each category of loans based on the type of loans, and maturity length, is evaluated by discounting the total amount of principal and interest using the rate which would apply if similar borrowing were newly made.
- (6) Investment securities and (7) Investments in and advances to subsidiaries and affiliates
Fair value of stocks is evaluated at market prices at the stock exchange as of the end of the fiscal year. Fair value of bonds is evaluated at market prices at the stock exchange or at the value provided by financial institutions as of the end of the fiscal year.
- (8) Trade payables, (9) Short-term loans, and (10) Commercial papers
Fair value of above liabilities is evaluated at book value, since they are settled within a short period and fair value is almost equivalent to book value.
- (11) Bonds
Fair value of corporate bond is evaluated at market price.
- (12) Long-term loans
Fair value of long-term bank loans with variable interest rates is evaluated at book value since fair value is almost equivalent to book value, the interest rate reflects the market rate in a short term and there has been no significant change in the creditworthiness of the Group before and after such bank loans were made. Long-term bank loans with fixed interest rates are classified by their duration, and based on their individual loan type, their fair value is evaluated by discounting the total amount of principal and interest using the rate which would apply if similar bank loans were to be newly made. Fair value of some foreign-currency denominated long-term loans is evaluated at fixed amounts based on the appropriated treatment of currency swap transactions.
- (13) Derivative financial instruments
Fair value of derivatives, which are used for hedging purposes, is measured at the value of forward exchange rates as of the end of the fiscal year or offered prices by financial institutions. Since currency swaps, which deferral hedge accounting is applied, are accounted for together with the long-term bank loans being hedged, the fair value is included in the fair value of the relevant hedged item.

2. Financial instruments which fair value are extremely difficult to determine are as follows:

(¥ million)	
	Book Value
1) Unlisted stocks	8,734
2) Investments in and advances to subsidiaries and affiliates	252,066
3) Others	10
Total	260,812

The above items are not included in the amount presented under the lines “(6) Investment securities Available-for-sale securities” and “(7) Investments in and advances to subsidiaries and affiliates” in the table summarizing fair value of financial instruments, because the fair value is extremely difficult to determine as they have no quoted market price and the future cash flow cannot be estimated.

[Translation for Reference and Convenience Purposes Only]

Notes on Rental Property

1. Qualitative information on rental property

The Company and certain of its consolidated subsidiaries own real estate for office lease (including land) in Tokyo, Osaka and other areas.

2. Fair value of rental property

(¥ million)

Book Value	Fair Value
307,274	508,562

Notes: 1. Book value is acquisition cost less accumulated depreciation.

2. Fair value of major properties is based on the valuation of independent real estate appraisers. For other properties, fair value of land is adjusted using an index that reflects market price properly. Fair value of depreciable assets such as buildings is the amount recorded on the consolidated balance sheets.

Per-share Information

1. Net assets per share	¥4,390.39
2. Net income per share	¥224.72

Major Subsequent Event

There are no significant events to be disclosed.

Other Notes

Figures less than one million yen are rounded down to the nearest million.

Notes to Non-consolidated Financial Statements

Notes to Matters for Significant Accounting Policies

1. Bases and methods of valuation of assets

Securities

Trading securities	Market value method (Costs of securities sold are determined based on the moving-average method)
Held-to-maturity debt securities	Amortized cost method
Investments in and advances to subsidiaries and affiliates	Stated at cost using the moving-average method
Other securities	
Available-for-sale securities with market value	Market value method based on the market price as of the closing date (Unrealized gains/losses are recorded in equity. Costs of securities sold are determined based on the moving-average method)
without market value	Stated at cost based on the moving-average method
Derivative transactions	Market value method
Inventories	Stated at cost mainly based on the moving-average method (Amounts on the balance sheet are measured at the lower of cost or net realizable value)

2. Depreciation methods for fixed assets

Tangible fixed assets (excluding leased assets)

Vessels	Straight-line method
Buildings and structures	Straight-line method
Other tangible fixed assets	Mainly declining-balance method

Intangible fixed assets
(excluding leased assets)

Straight-line method

Internal use software is depreciated by the straight line method, based on the estimated useful life of 5 years.

Leased assets

Leased assets under finance leases that transfer ownership are depreciated consistently as fixed assets that the Company own.

Leased assets under finance leases other than those that transfer ownership are depreciated using the straight-line method, based on lease terms and residual value of zero.

[Translation for Reference and Convenience Purposes Only]

3. Accounting treatment for deferred assets

Bond issue expenses

Expensed as incurred

Stock issue expenses

Expensed as incurred

4. Accounting for allowances

Allowance for doubtful accounts

Allowance for general receivables is based on historical default rate.

Allowance for specific receivables, such as individual doubtful receivables, is based on the individual likelihood of default.

Allowance for bonuses

Allowance for bonuses to employees is based on the estimated amount of future payments attributed to the fiscal year.

Allowance for directors' bonuses

Allowance for bonuses to directors is based on the estimated amounts of future payments.

Allowance for loss on contracts

Allowance for loss on contracts is based on the estimated amounts of loss on contracts with future higher probability of loss to be incurred due to decision made over contracts, etc.

Allowance for loss related to business restructuring

Allowance for loss related to business restructuring is based on estimated amount of loss related to business restructuring.

Allowance for employees' severance and retirement benefits

Allowance for retirement benefits to employees is based on the estimated amounts of retirement benefit obligations and pension assets as of the end of the fiscal year.

In calculating retirement benefit obligations, the Company uses straight-line attribution as a method of attributing estimates of retirement benefit to a period up to the end of the fiscal year.

Actuarial differences are recognized using the straight-line method within the estimated remaining service period (generally 10 years) commencing with the following period. Prior service cost is accounted for as expenses in lump-sum at the time of occurrence.

Allowance for loss on guarantees

Provided for losses arising from fulfilling guarantee obligations, the Company appropriates a provision for the estimated losses in view of the financial conditions of guaranteed companies.

5. Recognition of freight revenues and related expenses

Containerships:

Recognized by the multiple transportation progress method.

Vessels other than containerships:

Recognized by the completed-voyage method.

[Translation for Reference and Convenience Purposes Only]

6. Hedge accounting

Hedge accounting

The Company adopts deferral hedge accounting.

Special accounting rules are used for interest swaps that meet the requirements of special accounting rules.

Hedging instruments and hedged items

Hedging instruments

Loans payable in foreign currencies

Forward foreign exchange contracts

Currency option contracts

Interest rate swap contracts

Interest rate cap contracts

Fuel oil swap contracts

Freight futures

Hedged items

Future transactions in foreign currencies

Future transactions in foreign currencies

Future transactions in foreign currencies

Interest on loans and bonds payable

Interest on loans

Fuel oil

Freight

Hedging policy

Hedging derivative transactions are executed in accordance with the Company's internal regulations, "Market Risk Management Policy" and "Guideline for Market Risk Management," clarifying hedged items by individual case, in order to hedge risks of currency exchange rate fluctuations, interest rate fluctuations, or changes in prices against relevant hedged items.

Method of evaluating the effectiveness of hedges

In principle, the Company evaluates hedge effectiveness by comparing the cumulative changes in cash flows from or the changes in the fair value of hedged items, and the cumulative changes in cash flows from or the changes in fair value of hedging instruments during the period from commencement of hedging to the point of evaluating effectiveness, based on changes in both amounts and others. As for interest swap contracts meeting the requirement of special treatment, the evaluation of hedge effectiveness is omitted.

7. Interest expense is generally expensed as incurred. However, interest expense for assets which are constructed over a long term and are significant in terms of investment, is included in acquisition cost.

8. The accounting methods for unrecognized actuarial differences relating to retirement benefits are different from those accounting methods in the consolidated financial statements.

9. Consumption tax and similar local taxes are excluded from income and expense.

Notes to Non-consolidated Balance Sheets

1. To subsidiaries and affiliates

Short-term monetary lending	¥86,070 million
Long-term monetary lending	¥173,997 million
Short-term monetary debts	¥90,217 million
Long-term monetary debts	¥462 million

2. Accumulated depreciation on tangible fixed assets ¥213,914 million

[Translation for Reference and Convenience Purposes Only]

3. Assets pledged as collateral and secured obligations

(1) Assets pledged as collateral

Vessels	¥15,062 million
Investment securities	¥634 million
Investments in and advances to subsidiaries and affiliates	¥47,118 million
Total	¥62,815 million

Pledged investment securities and investments in and advances to subsidiaries and affiliates include the following:

- Investments in and advances to subsidiaries and affiliates of ¥47,118 million are pledged as collateral to secure long-term loans of subsidiaries/affiliates and future payment of charter hire.
- Investment securities of ¥634 million are pledged as collateral for long-term loans associated with Offshore Business and LNG carrier projects.

(2) Secured obligations

Short-term loans	¥2,189 million
Long-term loans	¥30,113 million
Total	¥32,303 million

4. Contingent liabilities

Guarantee liabilities, etc.	¥544,775 million
(Guarantee liabilities in foreign currency included in above)	¥331,183 million)

5. Others

(1) Litigation

On January 10, 2014, the Company filed a lawsuit against Mitsubishi Heavy Industries, Ltd. (hereinafter “MHI”) at Tokyo District Court seeking compensation for damages in association with a maritime accident caused by a vessel constructed by said company. In response, MHI filed a countersuit at Tokyo District Court seeking payment for reinforcement of the strength of the ship’s hull of the same type of ship, and the legal dispute is continuing.

The Company recognizes the claims of the countersuit by MHI as unjust, and intends to assert the propriety of the Company in addition to upholding the claims for damages under the lawsuit.

(2) Others

Since 2012, MOL is the subject of investigations by the antitrust authorities in the U.S. and other countries, on the suspicion of violations of each country’s competition laws with respect to ocean transport services of completed build-up vehicles. In addition, a class-action lawsuit was filed in the U.S. and other countries against the MOL, for damage claims, a cease and desist order for the questioned conduct.

Meanwhile, the effect of these investigations and lawsuit on the financial results of MOL is uncertain as its financial impact is not estimable at this stage.

Notes to Non-consolidated Statements of Income

1. Volume of transactions with subsidiaries and affiliates

Volume of operating transactions	
Revenues	¥168,530 million
Amount of purchase	¥297,762 million
Transactions other than operating transactions	¥49,882 million

2. Early termination fee

An amount of ¥6,148 million was recorded as the cost related to the early termination fee as a result of the integration of the container shipping businesses.
